According to organizers, the American Academy of Cosmetic Dentistry 33rd Annual Scientific Session will feature three unique groups of educators: The "Legends," the "Illusionists" and the "High Rollers" will deliver comprehensive cosmetic dentistry education, revealing their techniques and sharing their expertise.

AACD 2017 will be held from April 18–21 (Tuesday–Friday), in Las Vegas, Nevada, at the Venetian Resort Hotel & Casino.

The conference, described by organizers as "the world's largest continuing education program for cosmetic dentistry," will feature more than 35 hands-on

workshops, 60 lectures and 100 speakers. The annual event typically draws between 1,300 to 1,500 dental professionals and includes courses and events serving dentists, lab technicians, hygienists and dental team members to help them refine their skills, learn the latest techniques and share ideas.

The AACD is a recognized credit provider for the Academy of General Dentistry, the American Dental Association and the National Association of Dental Laboratories. The AACD is the world's largest nonprofit member organization dedicated to advancing excellence in comprehensive

oral care that combines art and science to optimally improve dental health, esthetics and function. Comprising more than 6,300 cosmetic dental professionals in 70 countries, the AACD fulfills its mission by offering educational opportunities, promoting and supporting an accreditation credential, serving as a forum for the creative exchange of knowledge and ideas and providing accurate information to the public and the profession.

## AAPD meeting adds 'Tech Hub' to exhibits

The iconic monument, miles of museums and other sights steeped in history will welcome those attending the American Academy of Pediatric Dentistry (AAPD) 2017 annual session in Washington, D.C. The event will be held from May 25–28 at the Gaylord National Resort and Convention Center, which is on the Potomac River in National Harbor, Md., just

south of the nation's capitol city.

Online registration is open via www. aapd.org. You can use AAPD's online itinerary planner to find details on the scientific program, social events and organized tour events in Washington, D.C.

New this year for the meeting's exhibit hall are scheduled 20-minute breaks in the overall meeting schedule to enable

visits throughout the day. Also new will be a "Tech Hub," where attendees can ask questions about using smart phone, tablet, apps and tech gadgets in everyday life — both personal and professional — to increase productivity with little-known tips and cutting-edge tools
