today **interview**

The future of regenerative dentistry: “Cells alone are not proving to be enough to provide lasting, curative treatments”
 An interview with Dr. Steven H. Lee, CEO of CellCure, Inc.

Dimension line was created to design, develop and manufacture therapeutic products that restore tissue and organ function without the requirement of cell incorporation into the patient process.”

“A ready-to-use flexible ceramic for use in prosthetics, oral and maxillofacial surgery. CMFflex offers a unique alternative to the current standard practice of dental base printing.”

“Biometrial-based approaches can be used to create implantable microstructures for cell-based therapies that allow us to replace or repair damaged biological functions inside of the human body in a way not previously possible.”

Learning the basics of design for bioprinting is both free and easy
 An interview with Forrest Hall, US, by Anika Hall Napp, Dental Tribune International

“This is a very interesting science with a lot of possibilities across medicine in dentistry, resulting in a part that is both biomedical and strong.”

“By applying the specific forces acting on the structure, you can see how the bone will react and how the force is distributed in the bone.”

“Our goal is to create a platform that can be used to create a wide range of products, from simple dental restorations to complex, multi-layered structures.”

Each year, *today* informs attendees of the Annual Scientific Meeting of the European Association for Osseointegration (EAO) about the most current topics, including the latest digital technologies, new developments and products in implant dentistry.

Copies of *today* will be distributed on-site to more than 10,000 dental professionals free of charge. The newspaper represents a practical guide for attendees and offers exclusive advertising opportunities for dental companies to boost their businesses and partnerships. In addition, *today* event e-newsletters will reach professional audiences across Europe digitally and keep them up to date about news from the congress.
