— Dr. Domenico Massironi

graduated with honors in medicine and surgery from the University of Pavia, Italy, and specialized in dentistry at the same university with honors too. He maintains a private practice in Melegnano, where he specializes in prosthodontics and implant dentistry. An early adopter of technology, he has made use of the stereo microscope since 1988. In 2013, he founded MEG with Dr. Carlo Ghezzi.

He is a member of the editorial board of the International Journal of Esthetic Dentistry. He is an active member of the European Academy of Esthetic Dentistry, a member of the American Academy of Restorative Dentistry, a diplomate of the International Congress of Oral Implantologists, an emeritus member of Amici di Brugg and founder of the CAD/CAM Academy.

Dr. Massironi has presented courses and lectured at congresses both nationally and internationally. He has published and lectured extensively on fixed prosthodontics and innovative treatment modalities in tooth preparation and esthetic dentistry in the field of dental implant therapy. He has addressed prominent university faculties, national and international dental academies, and professional institutions, and has gained widespread recognition internationally.

Dr. Massironi has written several articles and two books: Precision in Prosthetic Restoration, co-authored with Alberto Battistelli and Romeo Pascetta, and Precision in Dental Aesthetics, co-authored with Romeo Pascetta and Giuseppe Romeo, and translated into numerous languages.

— Dr. Carlo Ghezzi

graduated in dentistry from the University of Milan, Italy, in 1999. He has since then tutored in periodontology at the university and was a visiting professor at the university from 2005 to 2010, teaching mucogingival surgery. In 2010, he opened Studio Ghezzi, a dental center specializing in periodontal and implant dentistry with a focus on minimally invasive treatment.

Dr. Ghezzi is an active member of the Italian Society of Periodontology and Implantology. He has lectured at national and international courses and conferences, and has authored and co-authored scientific publications in national and international journals.

How to get there
The center is located close to the Milano Linate Airport. From Milano Linate Airport, you can take a connecting bus to Milano Centrale train station in the center of Milan. Once at Milano Centrale train station, take the train to Melegnano. Line 3 on the subway will take you to Rogoredo in about 20 minutes. Alternatively, to get from Milano Linate Airport to Melegnano, a chauffeur service is available via www.mydriver.com. Prices vary based on the car class.

What to see and do
For information on Melegnano and guided visits, inquire at Pro Loco (www.prolocomelegnano.it), located in the Medici Castle. It organizes cultural activities and local events, including exhibitions. The Medici Castle is home to history, art and culture. It boasts two imposing medieval towers and evidence of Renaissance refinement, such as 16th-century frescos.

The Church of San Rocco was built in the 14th century and has a rococo façade and an 18th-century interior.

The Church of San Giovanni Battista, located in Piazza Risorgimento, has medieval origins, but was renovated with a façade of the early 1900s. It is home to many artworks, among them a painting by Bergognone.

The Duomo, a Gothic cathedral in the heart of Milan, took almost six centuries to complete and astounds with extravagant detail, including 135 spires and 3,400 statues.

La Scala is probably the world’s most famous opera house. It hosts classical concerts as well.

Museo del Novecento, located in the Palazzo dell’Arengario, accommodates Milan’s museum of 20th-century art.

Castello Sforzesco houses several museums, among them, the Museum of Ancient Art, the Furniture Museum and the Picture Gallery.

Parco Sempione is a large park situated in the historical center of Milan.

Santa Maria delle Grazie, a church and Dominican convent, is the home of Da Vinci’s The Last Supper and a UNESCO World Heritage site.
