Attract the right patients and receive more referrals

Clinical Masters™ are featured as top experts with a profile page on www.clinical-masters.com. This gives them the opportunity to share their research with a broad audience, provides international advertising to prospective patients, and puts them in touch with general dentists looking to refer cases to specialists.
Contribute

Members can contribute to the network by submitting cases and research, as well as collaborating on cases by joining the Tribune CME mentors.

Develop your network

Clinical Masters™ are encouraged to develop their own network of excellence by inviting local dental experts to submit their cases and video materials.

Honorary membership

Do you have impressive cases and materials to prove your experience? Please submit them to us to be admitted as a member of the Clinical Masters™ Network after review and approval by our faculty.
THE THE CLINICAL MASTERS™ NETWORK

— The Clinical Masters™ Network is a select group of dental professionals from all over the world who are distinguished for their skills and expertise. You too can join this network by successfully completing one of our Clinical Masters™ Programs or by submitting cases to demonstrate your experience and expertise.
Tribune CME would like to invite you to join a select group of the world’s most successful clinicians at the Clinical Masters™ Network—with a unique opportunity to become a featured top expert!

The Clinical Masters™ Network is an international community of prominent dental specialists who have completed the Clinical Masters™ Programs.

There are a host of advantages to being a member of the growing Clinical Masters™ Network, including the following:

- Exclusive inclusion in the global Clinical Masters™ list of top dental professionals around the world.
- Full access to our growing library of learning resources.
- The opportunity to market yourself through advertisements, newsletters and social media shared with a global community of dental experts and prospective patients.
- The ability to share your knowledge and expertise on topics in your specialty and establish yourself as a thought leader in your region.
- Networking with distinguished dental experts around the world.

So how can you get involved?

Visit www.clinical-masters.com to register—it only takes a few minutes and is completely free!
