C.E. article
06 Canal preparation and obturation: An updated view of the two pillars of nonsurgical endodontics
_Ove A. Peters, DMD, MS, PhD

Training
12 Recent advances in 3D-printed dental replicas for procedural training and board exams
_L. Stephen Buchanan, DDS, FACD, FICD

Case Study
14 18-month case study of a C-shaped mandibular molar: Preserving dentin and deep cleaning utilizing an innovative procedure
_Khang T. Le, DDS

Education
17 Dentsply Sirona Endodontic Suite opens at NYU College of Dentistry

Industry Education
18 There is a better way (and LVI can show you how to get there)
_Mark Duncan, DDS, FAGD, LVIF, DICCI, FIICCMO

Industry
20 Safe and effective irrigation with Directa’s double-side-vented Calasept Irrigation Needle

About the Publisher
22 Imprint

On the Cover
The EndoSafe Plus™, available from Vista Dental Products, provides apical negative pressure irrigation. Simultaneous irrigation and evacuation provides a continuous, controlled flow of irrigating solutions and flushing of debris, while minimizing the risk of apical extrusion.
