• Unsurpassed approximal caries identification
• Visual monitoring at its best
CLINICAL MASTERS™ — Testimonials

In this edition we have asked doctors who have attended the different programs, what they thought of their experience.

“Absolutely fantastic! One of the best speakers I’ve ever heard.”
Dr. Peter Hughes — Ireland

“Facilities were not only suitable but amazing.”
Dr. Eduardo de la Torre — Spain

“I appreciated the excellence and teaching skills of Dr. Testori. Simply super!”
Anonymous

“Thank you for an excellent learning experience and for your kindness and hospitality. Excellent teaching and workshop activities. The facilities were most impressive.”
Dr. David Reaney — United Kingdom

“In all aspects, it was a pleasure. I appreciated Dr. Testori excellence and his skills. Everything was perfect, thank you for the experience!”
Dr. Monica Caleya Albiol — Spain

6 Months Clinical Masters™ Program on Advanced Implant Aesthetics
Como, Italy | July 17–20, 2014

“Overall the course was more than what I expected.”
Dr. Catea Ionut — France

Dr. Ricardo Diaz — Switzerland

“It was very interesting learning techniques that we can actually apply in our private practices.”

Dr. Thiago Traesel — Switzerland

“The hands-on with Dr. Pelekanos was very clinical, interesting and useful for daily practice.”

Anonymous

“Clear and straight forward understanding of clinical photography. Constant support and a positive attitude made the hands-on with Dr. Mangani wonderful.”

Dr. Frank D. Kannmann — Hungary

“High-end dentistry, very impressive program dealing with the medical cases, the presentation was first class. I can recommend it to anybody, even if you are not working as a dental surgeon, but if you are, the course is a must.”
