The Arthur A. Dugoni School of Dentistry is a nationally renowned institution of higher learning committed to providing world-class dental education for its students. The school is highly regarded for its innovation in its dental curriculum, including comprehensive patient care, and is a pioneer in competency-based dental education—an approach that replaces the traditional system of clinical requirements with experiences that ensure graduates possess the skills, understanding and professional values needed for the independent practice of general dentistry. The institution is committed to excellence and innovation in education, research, community service and patient care.

São Leopoldo Mandic is currently among the top ten institutions of higher education in Brazil. It is accredited to teach undergraduate and graduate health care programs and award master’s and doctoral degrees. It also provides continuing education courses of varying lengths, presented as live clinical procedures, workshops, practical activities, seminars, online tutorials or other variations that best support mastery of the particular subject matter. The faculty carries out outstanding scientific research, achieving impressive results and continuously aiming to improve the knowledge of its students using current methods and new technologies.

The Clinical Masters™ Programs also qualify for certification from the following associated educational institutions: University of the Pacific in the U.S., São Leopoldo Mandic in Brazil, Sapienza University of Rome in Italy, who acknowledge the quality and reputation of the Tribune CME programs.

What to see and do

Como is a very small old town and the best way to get to know it is to walk around and discover its narrow passages, old streets, quaint markets and piazzas, stopping to enjoy a cappuccino on the terrace of one of its many cafés.

The remarkable eleventh-century Romanesque Basilica di Sant’Abbondio has a beautiful fresco series inside the apse and a university occupies what was once the cloister.

Lake Como’s shores feature a varied landscape of fields, forests, imposing rocks, charming villages facing the lake and magnificent mansions with beautiful gardens, particularly from Cernobbio to Gravedona and Bellagio. The following include only some of the innumerable sights:

The middle of Lake Como, where its three branches come together, offers a spectacular view of the whole promontory of Bellagio, of the northern Grigna mountains overlooking Valsassina, and of the upper basin against the backdrop of the Alps if the skies are clear. It has the mildest climate and can be reached by boat.

Besides the glorious views of the Lecco branch of the lake, which turns southwards, there are natural springs, like Fiumelatte, described by Leonardo da Vinci, and the impressive Orrido di Bellano (gorge), situated not far from the Renaissance Villa Monastero at Varenna.
