What does the opening of the MEA office in Dubai Healthcare City mean for Danaher?

And how important is it for you to have an office in Middle East and Africa?

Unlike many companies who focus on just selling to the region, for us it is important to be close to customers and build up the capability of our team locally so we can serve customers. The opening of this office really proves we not only want to do business in the region but invest in the long run to serve our clients.
