RITTER IMPLANTS SYSTEM

By Ritter Implants

Founded in 1887 by the German Frank Ritter in New York, Ritter is one of the oldest prestige brands of finest dental equipment worldwide. Due to innovative ideas and a great entrepreneurial spirit, Ritter produced the first dental units already more than 125 years ago.

Today Ritter products are more than ever an essential element in dental practices worldwide. Users appreciate the Ritter product range for the high-quality aspects and the reliability - Made in Germany. Due to their functionality and user orientated construction, Ritter dental units contribute constantly to an optimized workflow of today’s modern dental practices.

In the course of the last years, Ritter has started to write a new success story with the launch of an innovative, state of the art implant system. The Ritter Implant Ivory Line provides Two Piece Implants (Implant plus separate Abutment) as the QSI Spiral Implant and TFI Twin Fissure Implant as well as One Piece Implants (Implant and Abutment already connected) called Mono Compress Implant MCI. The system contains logically reduced and clearly arranged components of tools and abutments with the best features for all clinical cases. Due to the super Nano-Surface, a quick and reliable Osseo-Integration is guaranteed. Clever and easy handling is provided by self-tapping threads and a coloured system of drills and implants according to their diameters.

All Ritter Implants and Accessories are made by high modern CNC manufacturing machines. A combination of advanced machining and hand-finishing create the most accurate tools possible for the marking of ceramic drills.

The Ritter brand stands for high quality, state of the art technology and innovative products Made in Germany. Our credo is to always provide customers and clients with the best services and prices combined with the most comprehensive dental solutions in the market.
