Two Awards bring together Middle-East Dental Elite

By Centre for Advanced Professional Practices

Two of Dentistry’s most prestigious Awards in the Middle East region were held under one roof on 03 May 2013 in the Dubai Ballroom of the highest hotel in the world, JW Marriott Marquis Hotel in Dubai, UAE. The chic ‘Black Tie’ ceremony was a moment to remember as ‘The best clinical case Aesthetic Dentistry MENA Awards 2012’ and the public vote ‘I love my Dentist Awards 2012’ were presented to the winners.

Participants from UAE, KSA, Qatar, Oman, Kuwait, Bahrain, Syria, Lebanon, Iraq, Iran, Jordan, Egypt, Sudan, Pakistan, India, Turkey, Asia and others gathered together with the Dental Industry enjoying the beautiful ambiance and program organized by CAPPMEA. Dental Companies (Crest & Oral B, Dubai Medical Equipment, Nikon, 3M ESPE, Philips Sonicare, City Pharmacy, Sirona, Phibo, Megagen, High Technology Lab, Qualident, Vertex and Sherad) sponsored the winners as usual with special products, vouchers and services awarded to the winners.

Aesthetic Dentistry MENA Awards 2012

“The Aesthetic Dentistry MENA Awards is a unique competition in which dentists from over 14 countries in the Middle East and North Africa, including South Asia, compete with their professional treatment achievements.

These awards are the highlights of the work of the Dental profession in the Middle East and other countries and are the only ones that recognize the excellent achievements of Dental practitioners across the region.”

– Dr. Dobrina Mollova, MDS, Managing Director of CAPP.

Winners were selected from each of the following categories

- Conservative Aesthetic Best Case
- Prosthetic Restoration (fixed and removable) Best Case
- Implantology and Red-Aesthetic Best Case
- Orthodontic Best Case
- Congenital and Maxillo-Facial Deformities Best Case
- Multidisciplinary Best Case
- Dental Technician Best Case
- I Love My Dentist Awards

Introducing Sensodyne Repair & Protect

Building a new layer of protection

Presenting advanced NovaMin® technology
Sensodyne Repair & Protect is the first toothpaste to harness the advanced reparative power of NovaMin® plus fluoride.

Originally developed for bone regeneration, NovaMin® delivers calcium and phosphate into your patient’s saliva and provides favourable conditions for hydroxyapatite-like layer formation.

Building a reparative layer
From as quickly as the first use, in vitro studies have shown a hydroxyapatite-like layer forming over exposed dentine and within the dentine tubules that is 60% harder than dentine.

Building an integrated and resilient layer
The hydroxyapatite-like layer formed binds firmly to the collagen in the patients dentine and helps protect your patients from the chemical and physical oral challenges they encounter in their everyday lives.

In vitro studies have shown that the robust layer builds up over 5 days and, with twice-daily brushing, provides patients with continual protection from dentine hypersensitivity.

Think beyond pain relief and recommend Sensodyne Repair & Protect
Dental Tribune Middle East & Africa Edition | May - June 2013
