Help your patients eat, speak and smile with confidence with the Corega® denture care regime.

Dentures contain surface pores in which microorganisms can colonise.¹

Corega® cleanser is proven to penetrate the biofilm* and kill microorganisms within hard-to-reach surface pores.²

SEM images of denture surface.

* In vitro single species biofilm after 5 minutes soak

Date of preparation: June 2014. Ref: CHSAU/CHPLD/0008/14c

November is upon us once again. This year for the sixth consecutive time the amazing Jumeirah Beach Hotel in Dubai will host the Dental-Facial Cosmetic International Conference for a two-day scientific weekend offering all dental professionals the latest research and developments in the field of Aesthetic Dentistry.

The Dental-Facial Cosmetic International Conference has become a vital platform for the success and perception of dentistry in the Middle East region. Yearly hundreds of top dental professionals, practitioners, researchers and industry players gather together to listen to the latest world acclaimed professional Key Opinion Leaders as well as discuss hot topics through the interactive networking opportunities the event offers. The interdisciplinary meeting brings together the dental and medical professionals with common interests in facial aesthetics and cosmetics exchanging knowledge for the best quality of patient care.

This year’s conference will cover several subjects related to Aesthetic Dentistry enlightening all delegates with experiences from over 25 International Key Opinion Leaders who have gathered in Dubai. Participants will also have the unique chance to see the latest equipment which will be showcased at the product display made available by the top of the dental industry. We sincerely hope that this meeting will let our audience the most recent updates of technology in the dental field with few “surprises” as well.

On behalf of Emirates Dental Society, I would like to wish you all an enjoyable and educational 6th Dental Facial Cosmetic Int’l Conference which is filled with 24 cutting-edge presentations, 12 hands-on workshops and a Dental Hygienist Day.

Dr. Aisha Sultan
President Emirates Dental Society
President of the Conference

President of the Conference

This 6th edition of our DFCIC features a joint meeting with the American Academy of Implant Dentistry. During this session, the AAD will share with us their vast knowledge and experience as well as the latest in the field of Implant Dentistry.

I am sure that this conference will be of the greatest help to develop our knowledge and sharpen our skills in pursuing the goal that we all share, to provide our patients with the best possible solutions for their esthetic needs.

We will continue this unsurpassed cooperation to bring to our audience the most recent updates of technology in the dental field with few “surprises” as well.

See you all in the dynamic Emirate of Dubai.
