
7th Dental-Facial Cosmetic Int’l Conference – part of Dubai Dental Week

By Dental Tribune MEA | CAPPmea

With the 21st Century being a time where science and trade go hand in hand, it is of utmost important to stay updated in our profession-al lives. With the internet opening doors to information to everyone, the dental patient has unrestricted access to global standards of dental care. The thought of success in Dentistry today is underlined by innovation and cutting edge technol-ogy as well as evidence-based scientific improvements. It is a fact that the dental industry has seen a shift from being trade to being evolved as a scientific trade. With this being said, 7th Dental-Facial Cosmet-ic International Conference in Dubai has become the regions trendsetter when it comes to showcasing the latest evidence based scientific cases through Centre for Advanced Professional Practices’ (CAPPmea) accredited Continuing Dental Edu-cation programs alongside modern day innovations and cutting edge technolo-gies shown by the dental manufacturers.

In the 10th year Anniversary of CAPPmea, 7th DFCIC is proud to offer an expanded partnership with eminent strategic partners such Emirates Dental Society, Saudi Dental Society, Lebanon Dental Association as well as American Academy of Im-plant Dentistry, Inman Aligner Academy and the International College of Dentists who all hold their annual events as part of the Dubai Dental Week.

The organizers have once again planned an unparalleled Continuing Dental Edu-cation program for November 2015. Fea-turing some of the most prolific educa-tors in the field of Dentistry, delegates will have a choice of a full-day Seminar on Alignment, Bonding, Bleaching and more (Inman Aligner Symposium - 12th November), two day Scientific Confer-ence on the latest in Dental Facial Aes-thetics (7th DFCIC joint event with AAID 15-14 November), half-day seminar (ICD

Emirates Dental Society to hold its dental board election at 7th DFCIC

By EDS

Dubai UAE: The Dental Society of the Emirates Medical Association is going to hold its dental board election to elect a new board on November 15, 2015 as part of the 7th Dental Facial Cosmetic International Conference (15-14 November). These events will be part of the Dubai Dental Week (11-14 November 2015) which has become the largest international dental event for the
I am sure you will bring back the fusion of Aesthetic Dentistry on topics such as Minimal Invasive Dentistry, Chairside CAD/CAM, Restorative Dentistry, Implantology, Laser, Prevention, Veneers, Crowns, Bridges, Impressioning, Compensation, Prophylaxis, Alignment, Bonding, Bleaching and many more.

AAID - 4th Global Conference meets 7th Dental Facial Aesthetics

By Dr. James Russell, UK

The IAA Symposium will additionally cover Dental Photography (Dr. Richard Field, UK), 50 Years of Odontology (Dr. Erik Svendsrud, Norway), Alignment, Bonding and Bleaching (Dr. Charlotte Nyby, Denmark), Prof. Ross Holub, UK will conclude the promising and highly anticipated IAA 2015 Symposium with Avoiding orthodontic pitfalls as a GDP.

With an expanded program, two dedicated hands-on courses and an update course will keep delegates busy throughout the Dubai Dental Week scheduled between 11-15 November 2015. The Inman Aligner Certification Course designed to teach attendees how to use the Inman Aligner in order to be a certified user will take place on 15 November 2015. All aspects of the treatment will be covered from case evaluation to fitting and then retention, so that attendees will be able to handle simple to moderate cases immediately. The Advanced Course also scheduled for 15 November will be run by Dr. Tif Qureshi, and is designed to allow experienced Inman Aligner users to treat more complex cases with confidence. We recommend that dentists have completed at least 10 cases to make sure they benefit from this training. A Certificate of attendance on 15th November is the only stipulation of the highly rated update course. A day packed with the latest tips and techniques to boost your Inman Aligner treatment.

We look forward to welcoming all delegates to our Annual Symposium. The Academy provides free face credentialing in implant dentistry through the Associate Fellow and Fellow membership examinations. The Associate Fellow and Fellow credentials are recognized by numerous state boards.

I hope to personally greet you at the conference and welcome you to be part of our International Community. You will find an atmosphere of camaraderie, warmth and friendliness that will entice you to be there.

By Dr. Shankar Iyer, LSA

The first Global conference of the AAID was held in New Delhi in 2010 along with the World Congress of Oral Implantology. Four years later the AAID will hold its 4th Global Conference with the 7th Dental Facial Cosmetic International Congress and Jumeirah Beach Hotel Dubai 15-14 November 2015. World Class Faculty and experts will present the new concepts to explore the controversies surrounding dental implant therapy. Which is the best method to grow bone vertically? Evidence Based Implant Dentistry, The Full arch Implant Supported Strategy, Cerec & Dental Implants - 21st Century Dentistry and several other issues will be presented at this conference. I am delighted to work with Dr. Ninette Bandy who is the Secretary for the Congress and has made some significant strides in educating AAID Maxicourses participants in the UAE in the last decade.

The AAID will be hosting renowned International speakers: Dr. Jaime Lozauda, Dr. Cheryl Pearson, Dr. Rodzick Steward, Dr. Stuart Orton Jones to name a few. In addition to the main congress there will be numerous hands-on courses and the dental industry will proudly be displaying their latest technologies as well. A hallmark of this conference will be presentations in the pre-conference workshops on hand-ons advanced bone grafting workshop – Implant work in the Atrophic Maxilla including Sinus Grafting and Sinus Floor Elevation.

I am pleased to invite you to this conference to make the Perfect Dental Connection and be immersed with the fusion of Aesthetics and implant dentistry. I am sure you will bring back some valuable tips and information that will enhance your existing implant and aesthetic practice. If you are a novice, you will get excited to incorporate implant dentistry to expand the scope of your practice. Found- ed in 1951, the AAID is the first professional organization in the world dedicated to implant dentistry. Its membership includes general dentists, specialists, and maxillofacial surgeons, periodontists, prosthodontists, Endodontists, Restorative Dentists and others interested in the field of implant dentistry.

The American Academy of Implant Dentistry (AAID) stands for excellence in education, scientific development and patient care. Members who demonstrate the highest standards in implantology find the AAID to be the organization which supports their clinical and personal interests, as well as recognition for their achievements. The Academy’s mission is simple: to advance the science and practice of implant dentistry through education, research support and to serve as the credentialing standard for implant dentistry for the benefit of mankind. The Academy provides bona fide credentialing in implant dentistry through the Associate Fellow and Fellow membership examinations. The Associate Fellow and Fellow credentials are recognized by numerous state boards.

I hope to personally greet you at the conference and welcome you to be part of our International Community. You will find an atmosphere of camaraderie, warmth and friendliness that will entice you to be there.
