Two is better than one
The Greater New York Dental Meeting announces two Live Dentistry Arenas with no tuition and no pre-registration fee

As the leading dental convention and event in the United States, the Greater New York Dental Meeting (GNYDM) continues to grow and reach for new innovative programs in hopes of attracting the most renowned clinicians and dental professionals from around the world.

In 2009, the GNYDM registered 59,166 attendees from all 50 states and 124 countries, a remarkable increase from the previous year. The organizers feel that the event must contain programs to inspire the entire dental team to excel in their profession.

Dr. John Halikias, general chairman of the GNYDM, stated, “The Live Dentistry Arena is a place where the most prominent and respected clinicians can share breakthrough technology and techniques, allowing dental professionals the chance to learn the most about innovative dental products, technology and procedures.”

This year, the GNYDM is offering an innovative live hygiene session where, for the very first time, dental hygienists and assistants will learn and see the latest materials and equipment available on the market to advance their skills and knowledge.

In these two modern high-tech arenas, attendees will watch procedures on numerous 60-inch high-definition LED screens that will project up-close views of live procedures right on the exhibit floor. By using the most modern equipment to view real-time dental procedures, the GNYDM continues to set educational standards that other dental meetings seek to emulate.

Due to its immense popularity, the arenas fill up quickly so be sure to pre-register and arrive early to obtain a seat at one or all of the tuition-free sessions.

Check out the schedules (see tables) and visit the GNYDM’s website at www.gnydm.com for additional information and updates on this year’s Live Dentistry Arenas as well as other workshops, seminars and essays scheduled for the 86th annual session.

During the holiday season, New York is indeed a magical place to be, with the city dressed up in all its holiday finery; the festive spirit is evident citywide. New York City has something for everyone during this spectacular time.

Meeting attendees can enjoy the most renowned museums, Broadway theaters, restaurants, historical sites and stores lavishly decorated for the season. A must-see event includes the annual lighting of the Christmas tree at Rockefeller Center, which takes place on Wednesday during the Greater New York Dental Meeting.

“Due to its immense popularity, the arenas fill up quickly so be sure to pre-register and arrive early to obtain a seat at one or all of the tuition-free sessions. The GNYDM organizers feel that the event must contain programs to inspire the entire dental team to excel in their profession. Thus, the 2010 meeting has expanded to include two Live Dentistry Arenas in order to incorporate more cutting-edge oral health-care programs.”
