The critical missing element to complete care: where dentistry and orofacial myofunctional therapy meet (Part 2 of 2)

By Joy L. Moeller, RDH, BS, COM

Types of therapy programs offered

I have been practicing orofacial myofunctional therapy for 50 years and have treated thousands of patients. My son had this problem when he was 7 years old and I witnessed the positive change in his quality of my patients’ lives. I have five different programs I offer to my patients:

- Habit Elimination Therapy
- Mini-Myo Program for the young
