The Florida National Dental Convention (FNDC) will be held June 9–11 at the Gaylord Palms Resort & Convention Center in Orlando. FNDC2011 boosts a strong slate of speakers focusing on the dentist’s role in a patient’s health. The 2011 theme, Dentistry – Gateway to Good Health, highlights the many opportunities dentists have to influence a patient’s overall health. The dental office with its established recall and check-up systems is perfectly poised to monitor a patient’s overall wellbeing.

This year’s speakers and course offerings will challenge you as you build your expertise in standard dental procedures as well as the latest techniques.

At FNDC2011 you will find the traditional half-day lecture courses as well as hands-on workshops and the highly sought after mini-residencies. This year is offering mini-residencies in endodontics and implants.

Dr. Sam Dorn and Ken Zackr

return with their intensive endodontic sessions focusing on the latest advances in the field. Dr. Duke Aldridge will lead a two-day intensive on soft tissue grafting for the general dentist.

In addition, this year’s scientific program, FNDC2011 boosts one of the largest exhibit halls filled with companies displaying the latest, most innovative products, some early-stage dental technologies. Nearly 350 industry-leading exhibitors will share their knowledge and expertise with attendees. The exhibit hall will be open all three days of the meeting.
