DT Study Club celebrates its second anniversary

Coming into its second year, the Dental Tribune Study Club (DTSC) at www.DTStudyClub.com celebrates its members and its accomplishments and looks forward to the future. Organizers have planned events both online and offline across the globe.

DTSC is an educational-based online community that inspires new possibilities while creating higher expectations in online learning. A participant of a recent live webinar summed it up by offering: “The live and interactive webinar enabled me to ask the speaker questions and share with colleagues around the world. The international faculty exposes me to global opinion leaders, who aren’t really accessible to experience live. Plus, I did this in my pajamas!” (M.R., Ontario, Canada)

Yet, learning from the convenience of your own home or practice isn’t the only benefit of DTSC. Another past participant commented: “Having the opportunity to learn with my assistants and entire team gave us an opportunity to learn together, which we never had. We are discovering useful tools and I am confident all of our procedures will run much smoother as a result.” (Dr. G.F., Colorado)

Individual webinars

DTSC offers international C.E.-accredited lectures that are live and interactive, as well as archived ones that bring local events to global audiences. Please check out the C.E. listing under the menu option “Online Courses.” If you do not see what you were looking for, please e-mail Julia Wehkamp at j.wehkamp@dtstudyclub.com with a course topic and/or speaker recommendations.

‘Getting started in …’

In the “Getting started in …” lecture series, leading specialists provide a general overview of a selected field of dentistry for those who are interested in “getting started in” that area. Each “Getting started in…” program includes a number of lectures that provide a thorough introduction to the techniques, products and practice management impact in that field of dentistry.

DTSC C.E. Symposia World Tour

DTSC C.E. Symposia are featured at major dental meetings around the world, including the FDI, IDEM and GNYDM events. The symposia feature quality ADA CERP C.E.-accredited programs, offering visitors an opportunity to learn in a focused environment with no registration fee. Cannot make it to the event? Not to worry — the symposia are also recorded and offered online as individual C.E.-accredited webinars.

First Impressions video reviews

www.DTStudyClub.com features an online “video column” called First Impressions™, in which opinion leaders present focused web-based product reviews based upon first-hand clinical experience. Practitioners can access these reviews about the hottest dental products, including demo videos and clinical pictures, for free.

Expert blogs

Dental opinion leaders maintain focused blogs, keeping readers interested by regularly posting case studies, presentations and clinical experiences as well as expressing opinions based on diverse backgrounds. DTSC’s blogs help today’s practitioners stay up to date, creating a truly “Global Dental Village.”

However, the opportunities offered through DTSC are endless, so visit www.DTStudyClub.com and see how it can enrich your clinical practice by joining the community.

Registering as a study club member is free and easy. You can also become a fan on Facebook to ensure you receive all the latest updates. For additional details, please contact Julia Wehkamp at j.wehkamp@ dtstudyclub.com or (416) 907-9856.
