Refreshing new show hits the dentistry profession

Taking place on March 13 and 14 2009 at Birmingham’s NEC, The Dentistry Show aims to attract over 2,500 dental professionals, offers exhibitors an ideal opportunity to meet with thousands of potential customers and gives delegates the chance to gain further training and meet with peers. The show has been split into five different conference programmes aimed at five different areas of the dental profession:

- Dental aesthetics in the UK
- Simply dental
- Hygienist symposium
- Aesthetic technician

An outstanding international clinical programme combining the prodigious growth areas in the UK dental market: dental implantology, cosmetic dentistry and facial aesthetics.

Simply dental

Designed for NHS dentists and their team members, this conference product ranges with innovative research programmes and a wide range of educational and training opportunities.

Hygienist symposium

Hygienists and therapists are given the chance to listen to top speakers on subjects surrounding dental implants, whitening, sales coaching and oral health, to develop their skills and advance themselves in their practice.

Aesthetic technician

In accordance with the growth areas of the UK dental market, the programme will focus on the private dental sector, including the areas of implantology and cosmetic dentistry with lectures from well-respected speakers.

Dental insight

This conference aims to help busy, stressed practice managers run successful and profitable practices, by looking at ways to develop practice management skills, to make team work pay, gain financial control and tendering.

To book your ticket

Conference passes cost £695 plus VAT. To find out more about the show and to book your place, visit www.thedentistryshow.co.uk and register now.

Below are some of the companies you will find at the show:
DENTAL TRIBUNE  United Kingdom Edition  • February-March 1, 2009

The Dentistry Show 29

Outstanding Aesthetic Solutions from Nobel Biocare!

Nobel Biocare invites UK dentists to explore the latest restorative products at the 2009 Dentistry Show at Birmingham’s NEC on the 13th and 14th of March.

Delegates will be able to talk to the experienced Nobel Biocare team on the latest innovations and aesthetic solution product range which includes:

- NobelActive is a new implant offering high initial stability even in compromised bone situations, built in Platform Switching™ and dual function prosthetic connection.

- NobelGuide™ facilitates the transfer of extra oral planning to allow predictable implant placement.

- NobelReplace™ plus wafer implant simplifies all procedures for all indications with complete implant assessment, including computerized 4-dimensional abutment connection, TitaFlex® all the way up to color coding.

- And much more...

Nobel Biocare also offers practice planners and the whole dental team, high quality training to maximize the business and clinical benefits afforded by its products.

For more information talk to tanyawade@nobelbiocare.com or call +44 (0) 1895 462 921.

Dental Business Solutions

Dental Business Solutions is the UK’s leading business advisor to dentists and their practice teams. With over thirty years experience of working exclusively alongside the profession it is our aim to advise and support dentists and their teams and to provide practical help and support at every stage of their careers whether associates or principals. Our vision is to provide solutions to the problems and frustrations that dentists face in managing their businesses on a day to day basis and to empower our clients to enjoy more quality time relaxing with family and friends.

Our services include Accountancy and Tax Compliance, Payroll, Practice Management Consultancy, Acquisitions and Disposal, Incorporation, Operational Audits, Patient Finance facilities and Patient Care Plans.

We offer prospective clients a free initial meeting at Network House enabling us to establish how we can best help in each individual case. For more information please do not hesitate to telephone us on 01844 260111.

Dental Resource Company Stand 45B

DRC is a training and development company. Our programmes provide qualification pathways for dental administrators ranging from level 3 to level 5 and Verbal CPC for dental nurses and technicians.

Since 1992 we have delivered our range of centre devised/DEVC qualifications. During August 2008 we added a range of CPC courses for dental nurses and technicians to our range of learning opportunities for dental care professionals.

Our team of tutor assessors hold teaching and assessing qualifications and have been recruited from dental backgrounds to ensure they are familiar with our students the day to day challenges.

We offer programmes in workshop, in-house and home based learning formats supported by an extensive range of on-line learning materials and one to one e-mail and telephone tutor support.

Visitors to our stand will be offered the chance to enter our prize draw for a free introductory course worth £100 for dental receptionists, practice managers or care coordinators.

IDT is a London based group of companies specialising in processing CT images for pre-surgical planning.

Our primary business is to provide multi-planar reformed images, 2-D, 3-D views, and models for dentists and surgeons planning the placement of dental implants.

As distributors for Materialise Dental NV of Belgium, Imaging Sciences International of USA and Dimensional Imaging of Glasgow we offer the leading software package for reconstructive surgery and dental implant planning – SimPlant, the leading surgical drill guide— SurgiGuide, the leading low dose cone beam CT scanner – CAD and the leading stereo photographic facial imaging system – IDT3D – all backed by unparalleled technical support.
