Sident Dental Systems
Get over £22,000 worth of FREE Extras with Sident’s New Teneo Treatment Centre Offer

To celebrate the launch of Sirona’s New Teneo Treatment Centre, Sident Dental Systems’ are offering dentists the opportunity to receive an incredible range of Extras FREE. The Extras include a FREE Comfort Package, Innovations Package, Clinical Package and Sivision Package. For further information contact Sident today!

In addition to all the above, the NEW Teneo Treatment Centre offers many exceptional innovations and is designed to reduce the operator’s workload, leaving them free to concentrate on the patient instead.

It offers clinicians simple and intuitive operation via its EasyTouch user interface, wire-free foot control for optimum flexibility without cable clutter, intuitive and dynamic seating via the HUGO stool, and an array of patient communication and entertainment tools.

The NEW Teneo Treatment Centre also offers an intuitive and dynamic seating solution. As the body posture happens naturally as the patient is seated, the Heka Dental stool encourages ‘dynamic’ seating where body weight is additionally taken on the feet further promoting health.

Sitting with the correct posture is very important as it reduces the strain on your lower back. Bambach’s unique saddle seat design allows the spine and pelvis to work together to create balance and mobility in the upright position. As a result, good posture happens naturally as you sit on this cleverly designed stool which encourages ‘dynamic’ seating where body weight is additionally taken on the feet further promoting health.

For natural relief and to prevent occupational back pain for all members of the dental team call Bambach today on freephone 0800 581 108 or visit www.bambach.co.uk. There’s even a free 50 day trial period.

Heka Dental
Get a FREE trip to Copenhagen. With Heka Dental you’re in safe hands!

Heka Dental invite Dentists to visit Copenhagen to see their design and production facilities, as well as their beautiful city. There will be several trips a year, normally running from Thursday morning to Saturday afternoon. During which guests will have an opportunity to visit their factory as well as Wonderfun Copenhagen. For Dentists ordering a Heka Dental package here or during the trip the entire visit will be free. Otherwise, Dentists will only need to pay for the flight and hotel.

ABAC compressors
Many dental practices face unexpected interruptions and high repair costs caused by failing and overheating compressors. An old compressor can also provide poor quality air, which reduces lifetime of dental units and handpieces. And can seriously compromise the effects of your work, if contaminated with oil.

ABAC compressors are characterised by the four most important features for a dental practice: very low noise level, medical grade clean air, reliability and best price to value ratio. A wide range of products is available to suit all needs: Basic, when sound level is not crucial; Sky and Silent, when quiet operation is required; Plus, with an adsorption dryer, when the compressor is fitted outside the practice or in a basement.

Contact Profil on 01932 582930, for a free survey and quotation. ABAC compressors are offered with free delivery and installation, starting from £599 for a single surgery and £899 for 3 surgeries.

Ceramic Systems (CEREC®)
NEW CEREC® AC makes impression free dental practice a reality

Manufactured to order they meet all the incumbent’s needs including specific requirements on colours and materials. Support Chairs also offer a wide range of accessories including new Swing and Swing Mini Armrests.

Easy to fit and convert between left and right handed operators, the Swing Armrest offers a number of options for varied seating positions and is easy to use with Support Chairs’ complete range.

For further information contact your regular Dental Dealer or Support Chairs on 01296 581744, fax 01296 586085, email sales@supportstool.co.uk or visit www.supportstool.co.uk.

Are You Sitting Comfortably?

Introduce leading cutting-edge technology into your practice with KaVo and see fantastic results.

The KaVo ESTETICA E80® is a suspended chair that gives the patient and dentist exceptional freedom of movement. The area under the unit is completely open for the dentist and assistant; there is plenty of room for comfortable leg positioning.

Procedures run much smoother and more efficiently leaving the practitioners focus on quality dental care.

The ESTETICA E80® takes your health into consideration as the individual working positions and habits ensure that your posture is constantly healthy, stress-free and relaxed.

The Primus 1058 is designed to offer all the quality and technology advantages of a KaVo unit, with the added benefit of working flexibility. This unit allows for permanent installation in either the right or left handed position, whilst offering ideal patient positioning including an offset backrest artic-
NEW CEREC AC Bluecam ~ Seen in a new light

Sirona UK is a specialist division of Sirona Dental Systems, the manufacturer of the CEREC System, and has now for the last 5 years supplied and supported CEREC 3 CAD/CAM all-ceramic restoration system here in the UK.

With product simplicity key to the success of any dental practice, Sirona are now proud to launch their new CEREC AC Bluecam imaging unit making the CEREC even easier to use for the dentist.

Sirona has helped to successfully integrate CEREC into dental practices for over 22 years, with more than 24,000 systems now in place worldwide. It offers convincing long-term aesthetic restorations in a single visit.

Sirona UK’s mission is to deliver satisfaction to the dentist using tried and tested in-surgery training methods supported by CEREC Specialists who are dedicated to your success.

To find out how the Sirona team can directly support your practice and for a no obligation demonstration please telephone 01442 265901 email info@dentalez.co.uk or visit www.dentalez.co.uk.

DentalEZ Chairs & Units

DentalEZ pioneered sit down dentistry in the 1950’s with the J Chair and have continued developing their range of equipment throughout the decades.

Whether you want a good all round starter package, such as the Simplicity (shown), through to the J/V Generation with its standard eight programmes and unique seat tilt movement for sheer luxury. DentalEZ have been making equipment for over 50 years and are ambidextrous style, over patient, cabinet mounted and cart style units which can be mounted to the range of chairs and with upholstery choices from basic through to Ultra-leather and colour range to suit all tastes.

DentalEZ also offer lighting, stools and suction to give you a fully integrated look to your surgery.

Contact Tel 01442 265901 email info@dentalez.co.uk or visit www.dentalez.co.uk.

We have been designing and manufacturing seating for the dental and medical profession for over 40 years.

Happy Birthday KaVo!

Dental Innovation and Inspiration for 100 years!

From its humble beginnings in 1909, KaVo Dental Ltd quickly grew into one of the market leaders in the dental sector. The company was built and founded on quality, precision and longevity, and KaVo has remained true to its 100-year-old motto and underlying principles.

Crafting equipment from the finest materials, each design has been carefully created in conjunction with the thoughts and desires of dental professionals from around the world. The team at KaVo prides itself on listening to the voice of the industry front line, where professionals who are exposed daily to the dental working environment can offer excellent insights into what really makes a difference in the equipment they use.

The vast KaVo range offers every practice the opportunity to have the very best instruments, a beautiful, harmonious interior and state-of-the-art technology available to staff and patients.

Vizilite Plus™ Screening Test for Oral cancer

Vizilite Plus™ is a simple technology to assist in the early detection of oral abnormalities including pre-malignant lesions and oral cancer.

Vizilite Plus™ comprises of a chemiluminescent light source (Vizilite) to improve the identification of lesions and a blue phe- nothiazine dye (FBlue) to mark those lesions identified by Vizilite. Carried out as part of a general check, Vizilite Plus™ is a simple, low cost, pain free and 100% sensitive test that can help save lives or give Patients peace of mind.

Cariescan

The unique Cariescan PRO™ offers dentists the earli- est possible detection of caries, reducing fillings and the use of X-rays. The first dental diagnos- tic tool to use AC Impedance Spectroscopy Technology (ACIST), Cariescan PRO™ has been engineered to quantify dental caries in teeth early enough to enable effective preventive treatment.

The proven technological advantages of Cariescan PRO™ over traditional methods in- cluding X-ray, laser fluoroses- cence and clinical visual pres- sure, Cariescan PRO™ is 92.5% accurate at detecting both sound and carious teeth – minimizing false positive and false negative results.

UCL Certificate in Endodontics

The UCL Eastman Certifi- cate in Endodontics is a 24 day course commencing in October with continuing over 12 months. Participants will have the choice whether to attend fully or modularly for modules spread over the year.

Recommended for dentists and their teams, the seminar will explore how to successfully embrace the opportunities ofuted by Implantology. Dr. Levin will explain how to realise prac- tice potential by scheduling strategies for patients, present- ing cases effectively, develop- ing superb customer service and more.

Dr. Levin is a well-known lecturer and co-author, with over 50 books to his name. The Levin Group offers an invalu- able implant management con- cerning service to dentists, in- cluding financial planning, wealth management, recruit- ment and transition services. Dentists seeking to provide out- standing implant treatment should reserve their place to- day, as this is set to be another popular seminar from a leading expert with an international reputation.

Delivered partly through seminars and lectures, practi- cal sessions will take place in state-of-the-art endodontic skills laboratory using micro- scopes and the latest instru- ments.

Some of the topics to be cov- ered will include:

- Pulpal and periradicular pathology
- Endodontic diagnosis
- Success and failure
- Innovations in endodontics
- Non-vital bleaching

The course will be directed by Richard Kaban and co-ordi- nated by Tony Dutchman. Lecturers will include Nigel Foot, Maria Lesani and Christine Premdas amongst others.

This innovative technique course will enable participants to experience current endodontic armamentarium with inter- active discussions on clinical cases.

The course will lead to a UCL Eastman Certificate in Endodontics through examination.

Be An Inspiration To The Industry With Genus

The possibilities of modern dentistry are defined by its lead- ers. With the Genius Design and Build service, you can distin- guish yourself as one of the best, and be an inspiration to the in- dustry.

Harness your individual vi- sion, with the aid of cutting edge computer aided design software, which allows you to see fully rendered 3D views of your practice before construction has even commenced. Working with an experienced team that understands the demanding guidelines of the dental indus- try, you will reach a design that is fully compliant whilst re- maining true to your personal vision.

Dedicated experts make sure that the process runs smoothly to budget and timescale, as your vision takes shape. While you continue to treat your patients, Genius over- sees everything, and when the construction phase is complete, works with you to ensure that you get precisely the equip- ment, furniture, fixtures and fit- tings you want.

With a unique non-adver- sarial and cost-effective ap- proach, Genius is known for its quality of service and guides clients through the entire De- sign and Build process, always striving to raise the standard of excellence.

For more information please call Genius on 01582 840484 or email info@genusgroup.co.uk
