Implants

Biohorizons go Gold at the 2010 BAO meeting

Leading implant company, BioHorizons, are proud to announce their gold sponsorship at this year's European Association for Osseointegration (EAO) conference in Glasgow on 5th-9th October. Held at the Scottish Exhibition Conference Centre, this year's annual event is focused on Clinical Controversies in Implant Dentistry and involves a diverse four day lecture and workshop programme. With multiple parallel sessions, master classes, short oral communications, basic and clinical research, exhibitions, posters, pre-congress 'step-by-step' courses, there really is something for everyone. Topics include Aesthetics, Clinical Guidelines, CAD-CAM in Implant Dentistry, Possibilities for Conventional Dental Treatment and Sinus Surgery.

Biohorizons is one of the largest and most progressive device companies in the world as a result of their commitment to providing the most comprehensive line of evidence-based, scientifically-proven dental implants and tissue regeneration solutions.

Biohorizons customers attending the EAO can register for a special drinks and tissue regeneration solutions.

Biohorizons have a comprehensive scope of products, from gold and zirconium to titanium and diamond, including the Diamond Capsules are available in 3 shades and Diamond Carve/90 is waterproof once the chemical snap set is complete.
