The BDA is pleased to announce that the 2009 British Dental Conference and Exhibition will be held from June 4 to 6 2009 at the Scottish Exhibition and Conference Centre, Glasgow.

Based on the theme ‘Dentistry is transforming’, the conference programme will feature motivational, expert speakers who will inspire you to develop new ideas for your practice and enhance your career.

New clinical Speaker

Luca Dalloca, a Prosthodontist and Aesthetic specialist from Oral Design Milan, Italy, will talk about ‘Art and visual perception applied to aesthetic dentistry’. This speaker will give you insights into making your restorations fit your patient’s face while looking real and natural, a truly fascinating presentation not to be missed! Catch Luca Dalloca in the Lomond Auditorium from 2pm-5.30pm on Thursday June 4.

Charan Gill – Keynote speaker

Inspirational entrepreneur Charan Gill MBE, the man behind the Harlequin Leisure Group, will be the keynote speaker. He developed the largest Indian restaurant in the UK and built a reputation as Glasgow’s “Curry King”.

Cheryl Sheets – Main clinical speaker

Clinician, educator, author and lecturer Dr Cheryl Sheets will be presenting a day-long lecture on Friday June 5 2009 looking at ‘Meeting the demands of today’s aesthetic restorative practice’. Dr Sheets has a private practice in California and specialises in aesthetic rehabilitation of dentistry and implants. She is also Clinical Professor of Restorative Dentistry, USC School of Dentistry, Los Angeles and co-executive director of the Newport Coast Oral Facial Institute, an international non-profit teaching and research centre; considered to be one of the finest micromicrosurgical training centres in the world.

Career and business development seminars

There will be a range of sessions focusing on career paths, setting up in practice, and business planning. If you are thinking of diversifying into areas such as dentistry, whitening, smoking cessation and implants, the business development streams will help you explore opportunities in these areas.

Clinical seminars

You will also have the chance to attend a wide variety of clinical presentations covering topics such as management of failures, veneers, periodontics, cardiology, detection and diagnosis, plus much, much more.

Exhibition-only tickets – FREE

You may be interested in attending the Exhibition only. If this is the case, you will be pleased to hear that this is FREE! Not only will you have access to 6,500 sq m of Exhibitors, but you will also be able to attend exhibition hall seminars in the Exhibition hall throughout each day.

The exhibition

Running alongside the comprehensive conference programme will be the popular exhibition, which is set to be our largest yet. You can meet suppliers, pick up samples and learn about new products and services.

The 2009 exhibition will take place in the Scottish Exhibition and Conference Centre’s largest hall, Hall 4.

Book your ticket

Registration is now open. If you book online, you’ll receive a £20 discount on the price of a three-day ticket and £10 off the price of a one-day ticket. Visit www.bda.org/events/annual-conference/index.aspx for more details, call 0870 166 6025 or email bda@delegate.com.

CEREC AC Bluecam – Seen in a new light.

Sirona UK is a specialist division of Sirona Dental Systems, the manufacturer of the CEREC System, and has now for the last 10 years supplied and supported CEREC 3 CAD/CAM all-ceramic restoration system here in the UK.

With product simplicity key to the success of any dental practice, Sirona are now proud to launch their new CEREC AC Bluecam imaging unit making the CEREC even easier to use for the dentist.

Sirona has helped to successfully integrate CEREC into dental practices for over 22 years, with more than 24,000 systems now in place worldwide. It offers convincing long-term aesthetic restorations in a single visit.

Bambach Saddle Seat Confirmed Product of Choice

Bambach will be demonstrating the revolutionary Saddle Seat at the BDA Conference Exhibition. It is of interest to note that an extensive study by 4th year dental students at Glasgow University confirmed Bambach’s Saddle Seat as product of choice when dentists wish to combat and prevent lower back pain whilst at work.

The paper entitled ‘A study of back pain in dentistry’ revealed that 86% of survey respondents reported back pain at some point in their career thus indicating the severity of the problem. Almost all recognised that poor posture at work was a direct cause of this pain and nearly half (a staggering 43%) chose the popular Bambach Saddle Seat as a treatment and preventive measure (see link http://hdl.handle.net/1905/499).

The Bambach Saddle Seat is scientifically designed and proven solution, endorsed by the Australian Physiotherapy Association, as it helps the pelvis attain its preferred neutral position.

To find out further information including details of Bambach’s 30-day trial, call 0000 5110 or visit www.bambach.co.uk

Septodont will be at the BDA show in Glasgow to show why commitment to quality and innovative products have confirmed Septodont as the world leader of dental anaesthetics.

The BDA show will underline the success that N’Durance has experienced since its launch in October 2007. N’Durance™ is a real landmark development for Septodont and comes after many years development in conjunction with a number of leading universities.

The revolutionary new dimer acid main matrix technology is unique and exclusive to Septodont and exhibits several outstanding advantages over existing material currently on the worldwide market.

Today, Septodont are as committed as ever meeting the changing needs of the profession. So with numerous products in the final stages of development and the new CDO workshop being introduced, the future looks very bright.

So come along to stand A44 and see for yourself how Septodont products will change the face of dentistry forever.

For better dentistry

DENTSPLY – Bringing Excellence To The BDA

The dynamic DENTSPLY team will be showcasing their innovative and highly-acclaimed products at the British Dental Association (BDA) British Dental Conference and Exhibition 2009. From the 4th-6th June, the Scottish Exhibition and Conference Centre, Glasgow will be host to some of the biggest names in dentistry.

The theme of the conference will focus on ‘Securing your future and realising your potential’. DENTSPLY will be on hand to motivate delegates in using the latest pioneering equipment such as the Artis™ hand instruments.

The instruments are super-lightweight with extremely strong, steel tips that provide longer-lasting sharpness. These affordable products are all colour-coded for their specific uses. Drop in to our stand A44 to see the products on display.

Dentsply will be at stand G32 at the BDA conference to show why commitment to quality and innovative products have confirmed Septodont as the world leader of dental anaesthetics.

In addition to being one of the UK’s top distributors of all your favourite national brands of dental consumables and small equipment, Dental Sky is proud to boast its latest range of Cherokee rails.

Available only from Dental Sky, they offer an extensive range of styles, colours and patterns all at value prices.

Take advantage of our BDA Conference special offer and place your order for Cherokee rails at the show and purchase 2 sets and get 1 FREE.

Also exclusive to Dental Sky are the Medibase, R&S, Clinicix and Dento-Viractis brands.

Comprehensive ranges to meet all your dental requirements at affordable prices.

Tel: 0800 294 4700

Dental Sky’s got something to shout about, so why not visit them at Stand No. A51.

Visit the Kendem stand B24 at the BDA exhibition in Glasgow to take advantage of the special offers on the Diamond range of Glass Ionomer cements and the brand new range of PractiSafe Cross Infection Control Products. PractiSafe Disinfectants have been launched recently and very successfully. So Kendem have some excellent offers on their refill packs of Cross infection control products.

Kendem has a responsibility for quality and reliability.

Kendem has demonstrated its ability to innovate with the introduction of Diamond, a unique GiC that sets rapidly and is resistant to saliva. Since it was first launched in 1997 it has gained a significant share of the UK restorative market and is successfully marketed in many European countries and the Middle East.

Kendem products are developed, manufactured and tested in Sweden, UK to the requirements of the ISO 13485 2003. Kendem is the registered trademark of Associated dental products Ltd.

For further information on Kendem products visit our website www.kendem.co.uk

BOS Debut

The British Orthodontic Society makes its first appearance at the BDA Conference

The British Orthodontic Society (BOS) will make its BDA Conference debut in Glasgow in June. The Society, which represents 1,500 UK orthodontists and is the largest of the dental specialty groups, is a registered charity and as part of its outreach policy is engaging more actively with general dentists.

In addition, the BOS has been working more closely with the BDA to help its members with issues relating to contracting, remuneration and practice sales, so names to note. The two organisations stood shoulder to shoulder at the recent Parliamentary Health Select Committee and are in accord on many issues.

 pacientes. One visit to stand A44 in Hall 4 at the BDA Conference will give delegates a chance to meet the Chief Executive of the BOS, Les Joffe and take the opportunity to find out more about the many ways in which orthodontists fit into an inter-disciplinary approach to dental care.

Those unable to make the trip to Glasgow for the BDA can find out more about the British Orthodontic Society by visiting www.bos.org.uk

Hatchard Medical has over 25 years experience in the supply and service of dental and x-ray equipment. Situated in West Lancashire, part of Function 4 of the MSD, we are agents for Eureotrol, Tridor, Steril Weber, Metkeys, Cattani, Satelec, Myray, Sano and many more.

At the BDA Conference in Glasgow this year (stand A21), we will have the Absolute Professional Dental Chair with LED operating light, Bluetooth wireless foot control and the unique "On The Rocks" cabinetry. The unit is controlled through the Wayfinder (launched at IDS Cologne), a multifunctional interactive screen providing total control of all dental unit functions. The Absolute comes with a mixer/turbine as standard and many modular options - this flexibility offers basic options or high tech - tailored completely to your needs. With specialist 3D software we can design the surgery to meet your needs and budget.

The VeloPex Team will be delighted to welcome you to Stand B17 at the BDA Exhibition at the SECC in Glasgow between the 4th and 6th June this year.

Exhibitors are always an exciting time for VeloPex – both existing and new customers come and chat about existing products and new products. See attached a picture of the VeloPex stand at the recent GDS exhibition in Cologne.

Mark Chapman, Sales and Marketing Director said: “We always enjoy meeting exhibitors and the interaction with customers. There is always a number of people wanting to try out the Aquacool and to chat about the applications.”

For those of you not going to Glasgow for the BDA, you can find us at the WAC in Westminster on the 12th and 13th of June, or at the BDTA Dental Showcase at the NEC between the 12th and 14th November.

For more information, please contact Mark Chapman on 07734 044877 or via mark@velopex.com.

For more information on our range of products, please see: www.velopex.com.
