Scientific seal of approval for the implant planning and implementation of the GALILEOS system

Scientists at Cologne University subjected Sirona’s GALILEOS 3D X-ray system to intensive testing over a period of two years. These experts were convinced by the system’s accuracy, as well as its intuitive user interface.

Sirona is the only manufacturer worldwide which offers an integrated concept consisting of 3D imaging as well as computer-aided implant planning and implementation. In combination the GALAXIS 3D X-ray software and the GALILEOS System requires only one scan in order to visualise the entire cranial volume.

With the help of integrated software application “GALILEOS Implant” the practitioner can plan the implants on the same user interface. This planning data, together with a plaster impression and bite registration, is then sent to the Sirona subsidiary sCAT in Bonn. In a matter of days the practitioner receives the custom-made surgical template.

Videocam Practical and Precise

The remarkable Videocam from Castellini perfectly illuminates the operating area with LED flash technology and has the ideal capacity for clinical observation.

Easily facilitated by the wealth of software available in the Videorcam System, images boast outstanding quality without the use of a flash. These images are captured using a dental foot control, without the use of a flash. These images boast outstanding quality, without the use of a flash.

Interbuccal exams are simplified by the Videocam’s miniaturised head and Macro function. This outstanding feature allows the Videocam to translate even the smallest details and create high-resolution, natural coloured images that are accurate and precise.

Castellini pride itself on producing the highest quality technology so you can provide your patients with the highest quality care.

For further information about the comprehensive range of Castellini products call 0870 756 0219 or visit www.castellini.com

The OPMI Pico: the best microscope at the best price

Developed by world-renowned experts at Carl Zeiss exclusively for dental use, the OPMI Pico is an excellent addition to any practice. Truly versatile, this established microscope benefits a wide range of specialist and general dental procedures, and is available from Nuview at an affordable price.

The OPMI Pico lets you examine the very finest details and the integrated light source means that you can see hard-to-reach regions in conditions approaching daylight.

Form follows function and all settings are changed without interrupting procedures. With the addition of the MORA Interface (Mechanical Optical Rotating Assembly), the OPMI Pico becomes even more mobile, and features include quick switching between site overview and detailed view, with one-hand repositioning.

The OPMI Pico is supported by a friendly and prompt after-care service from Nuview, to ensure that you get the most from this high-quality technology.

For more information please contact Nuview on 01445 759659, email info@nuview-ltd.com or visit www.voroskopos.co.uk

We’ve refocused our vision...

As the UK’s No. 1 supplier of loupes and lights, our vision is to supply the very best precision products, combining exceptional quality with outstanding design.

Our new loupes and lights are expertly custom-made by leading supplier ExamVision™. Founded by Jorn Rønvig and optometrist Kim Jensen, ExamVision™ offer a welcome commitment to delivering superior design and quality craftsmanship, which perfectly complements our 16 years of unrivalled loupes experience and outstanding customer service.

Available in 2 styles, 5 frame colours and 5 frame sizes, each ExamVision™ loupe is individually crafted to your personal measurements at a purpose-built factory on the small, tranquil island of Samsø in Denmark. ExamVision™ produces loupes and lights to the highest standards, providing a quality product that Evident are proud to endorse.

Our vision has always been to exceed our customers’ expectations and we are confident our exceptional service combined with the superb quality of ExamVision™ loupes and lights will refocus your vision too!

Fissure sealant with excellent material and handling properties

Grandio Seal is a slinging, fissure sealant with a nano-hybrid composite base. It can be used to seal fissures in children and adolescents that are either at risk for caries or caries-free. It can also be used in adult patients that are diagnosed with an increased risk of caries. Patients with a high risk of caries due to limited oral hygiene as well as patients with a limited ability to comply with treatment can additionally be treated with Grandio Seal.

Manufacturer: VOCO GmbH, PO Box 767, 27457 Cuxhaven, Germany, www.voco.com

Veloxyph Zephyr 150 Surgery Air Supply

We are delighted to introduce the Veloxyph Zephyr 150 Surgery Air Supply. This is the first Compressor designed specifically to be sited within the Dental Surgery – rather than outside in a shed! The neat clean lines and white powder coat finish make this powerful compressor an easy addition to a Dental Surgery, either mounted on a Veloxyph trolley or sited within cabinetry. The low noise signature of this oil free twin- head design, make it suitable for all occasions. When mounted on the Veloxyph Trolley (which can also house the Veloxyph Aquacut Quatro as well as the Veloxyph Colour Diode Laser) the Veloxyph Zephyr can provide all of the compressed air requirement of the surgery.

The Veloxyph Zephyr 150 Surgery Air Supply is available (until end of July 09) with the Veloxyph Aquacut Quatro and trolley for £2,995.00 + VAT, a saving of over £1,240 (+VAT) from list price.

Win-win dental plan solutions

A solution that offers ‘the best of both worlds’ may at first appear to be too good to be true. However, with Munroe Sutton’s highly successful Patient Referral Plan, there is no catch. This innovative system has arrived from the US where Munroe Sutton has been helping dentists grow their profitability for 50 years. Indeed, over 69,000 dentists and 7 million US patients have chosen the Munroe Sutton dental plan.

It is an elegantly simple solution to boosting patient bases and increasing profitability, while offering great prices to patients. The uptake of a wide variety of attractive dental plan packages by individuals and employer groups of every size results in a pooling of potential patients, while dental practices join the Dental Network for access to this valuable resource.

Munroe Sutton offers effective marketing at no cost to the practitioner via an array of direct, innovative strategies with proven benefits for both practitioners and patients.

Dentomycin: The Adjunctive Treatment That Reduces Key Pathogens In Periodontitis

Dentomycin provides clinicians with an effective anti-im-
crobial and anti-inflammatory adjunctive, effective at any
time during the treatment of chronic adult periodontitis in-
cluding the earliest stage. Combined with scaling and root
planing, Dentomycin can reduce pocket depths by up to
42% in just 12 weeks.

Dentomycin is proven to at-
tack the bacteria prevalent in
periodontal disease. After 3 or
4 applications (with 14 days be-
tween each one), this cost-ef-
fective product significantly
reduces the key pathogens and
is also effective in areas that
are hard to reach using instru-
ments, with the flexible, pre-
filled applicator allowing you
to access and apply the gel di-
rectly to the pocket base.

Easy to use and cost-effec-
tive, Dentomycin is simply an
essential product.

call John Jesshop of Blackwell
Supplies on 020 7224 1457 or
fax 020 7224 1694.

How to Talk
Money with
Confidence

Software of Excellence’s ‘Thrive in 2008’ seminar series
continues into June, as the
world leaders in practice man-
agement and marketing solu-
tions, team up with “thought
leader” Ashley Latter, to help
you learn more about getting
the most from your Practice
Management system; inform,
market, and sell to your pa-
tients.

As one of the dental indus-
try’s finest motivational speak-
ers, Ashley is the ideal person
to guide you through some
proven techniques so that you
can feel confident and com-
fortable when talking money
and achieving the right prices
for your services.

The seminars, which in-
clude a complimentary buffet,
will be worth 4 hours of verifi-
cable CPD and will run from 6-
10pm at the following venues
during June. Places cost
£60 (incl VAT) per person or
£119 (incl VAT) for two people.

• 08 June Glasgow
• 10 June Belfast
• 13 June Manchester
• 16 June Bristol
• 22 June Dublin
• 24 June London

Places are limited so to avoid
disappointment reserve your
place today by calling 0845 545
5767. 

NobelActive™

The innovative dental im-
plant NobelActive™ has been
especially designed for high ini-
tial stability in soft bone and ex-
traction sockets. NobelActive™
was launched after the success-
ful completion of pre-launch
activities involving experienced users
worldwide over an eight-
month period.

Dental professionals have
found several benefits in work-
ing with NobelActive™ includ-
ing:
• High initial stability, even in
compromised bone situations
• Bone conditioning property
• Adjustable implant orienta-
tion for optimal final place-
ment
• Built-in Platform Shifting
• Dual-function prosthetic con-
nection
• TiUnite & Groovy compatible.

More than £50,000 NobelAc-
tive™ implants were sold in
2008. This unprecedented re-
sponse signifies that NobelAc-
tive™ surpasses the require-
ments and demands of experi-
enced surgical and restorative
clinicians around the world.

The innovative NobelAc-
tive™ implant system delivers
extraordinary initial stability and
because of its built-in platform
shifting, functionality, adj-
justable implant orientation ca-
pability and dual-function pro-
sthetic connection. NobelActive™
offers patients a beautiful,
natural-looking aesthetic
every time.

Supporting Dental Excellence!

KaVo would like to congratu-
late the Casterbridge Dental Stu-
dio in Dartnet in winning the
award for Dental Laboratory of
The Year at the 2009 Dental
awards.

The Casterbridge Dental Stu-
dio fought off fierce competition
from several outstanding UK
Laboratories to be bestowed this
prestigious award. The team
demonstrated to the judging
panel a superior commitment to
quality and standards, outstand-
ing team ethics and training and
an edge that sets them apart from
other laboratories.

Casterbridge is the second
UK laboratory with KaVo’s Ever-
est CAD/CAM technology to win
this award in recent years. The
innovative Everest offers profes-
sionals an intelligent software
module for excellent workflow
with features including:
• Scanning precision 1:1 - Origi-
nal to digital
• Comfortable project adminis-
tration
• Software-supported modelling
and construction
• Fully-automatic CNC manu-
facturing
• Therm – reliably to a perfect
finish

For further information about
KaVo’s range of products please
call 01494 755 000, email:
sales@kavo.com or visit

UK manufacturers offer
excellent value

In the present climate, Kemdent have decided to offer
their customers even greater discounts on a range of prod-
ucts. Buying materials from European suppliers is very ex-
pensive, so this is an excellent time to approach UK manufac-
turers like Kemdent for the range of surgery materials you
require.

Kemdent products are val-
ued around the world. Kem-
dent prides itself on the manu-
facture of quality innovative
materials.

Please contact Helen or Jackie at Kemdent to ask about
the range of Kemdent special offers that are available. Spe-
cial offers are available on Dia-
mond Rapid Set GIC capsules and Diamond Carve and 90
GIC plus the Kemdent range of Cross Infection Control
products, InstrumentSafe, Prac-
ticeSafe Spray and Wipes and ChairSafe alcohol free foam.

A typical offer:- Save £57.90 and receive 3 free ChairSafe
when you buy 2 value packs of Diamond capsules for £144.00
plus VAT.

For further information on special offers or to place or-
ders call Helen or Jackie on
01795 770909 or visit our web-
site www.kemdent.co.uk.

Ionoseal – Now in new NDT™ syringe

Hygienic and efficient use
through non-dripping tech-
ology

Starting now, syringes that
may elicit allergic reactions.

The ingredients sourced by
Oraldent for use in Eco Dental
products have always been tra-
ditionally used within the den-
tal field, but have been given a
different twist to provide the
optimum treatment results. Den-
tists can depend on the natural
antiseptic and analgesic quali-
ties of ingredients such as pi-
num sylvestris (pine) and bee-
creosote without resorting to
synthesised treatments that
may elicit allergic reactions.
