

**The LCU Eastman Diploma in Implant Dentistry - the next step in your career**

The UCL Eastman Dental Institute offers a challenging and intensive 27-months flexible modular Diploma programme in implant Dentistry, which is delivered over two years. The programme is designed to provide advanced training in implant dentistry.

Programme description:

- **Year 1**: Focuses on patient selection, diagnosis, planning and surgical techniques. The programme is delivered through a combination of interactive lectures, live surgery and hands-on procedures, delivered by an experienced multidisciplinary team of GDE registered clinicians.

- **Year 2**: Aims to help participants develop their skills and knowledge on the treatment aspects of implant dentistry. Participants will have the opportunity to travel to lectures and seminars. The sessions will be delivered by experts in the field.

For more information, please contact Charlie Waldren, Programme Administrator, at 020 7905 1272 or email info@eastman.ucl.ac.uk or visit www.eastman.ucl.ac.uk/cpd

**Bone quality and surgical technique**

Dr Dattani spoke at Medway Dental Association meeting

Dr Shafiq Dattani, Clinical Director and Implantologist at the Kent implant clinic, was recently invited to Medway Dental Association's meeting in July to speak about his experiences in placing implants and his treatment of patients with severe periodontitis.

Dr Dattani's talk received a glowing reception from the audience and highlighted the importance of achieving good bone quality at the time of implant placement.

For more information, please contact Dr Dattani at Kent implant clinic.
