**Interactive Dental Imaging**

The Eastman Dental Institute was pleased to welcome delegations from across the world who attended the 2010 BDTA Dental Showcase at London’s ExCeL. This October, visitors to the Eastman Dental Institute stand, including the new V2 illumination unit and the Continu range of alcohol-free surface cleaners and disinfectants. Delegates were kept busy demonstrating these beautifully designed, high quality, custom-made loupes, providing unbeatable magnification with an ocular that is half the length of some competitors. Evident’s dedicated and experienced team of consultants, including dispensing opticians, would have been delighted to interact with the many new and existing customers that flooded to the Water Pik stand, including the new V2 illumination unit and the Continu range of alcohol-free surface cleaners and disinfectants.
