4Everlearning gets record sign ups for TANDEX GEL! 4Everlearning has been reliable CPD providers for over 8 years which logs both time and areas of study in 15 minute blocks, enabling dental professionals to log in from any online log. 4Everlearning has a unique 'patent applied for' technology, of the most popular is the Practice Membership, allowing up to 10 members to join this dynamic website.

Still Small Yet Even Bigger! The 2010 Dental Group Congress attracted evident delegates to stand with their newly launched Examiner™! S&O Ltd, delivering even greater magnification from a short barrel length.

Show success for Kemdent’s Cross Infection Control Product Kemdent was pleased to welcome many new and existing customers to their stand E01 at the BDTA show, who took advantage of the special offer on Cross Infection Control products.

Intelligent design at the BDTA Genus improved delegates at this year’s BDTA Dental Showcase with its state-of-the-art, computer-aided design (CAD) programmes and expert advice. Genus Dental can create an accurate, full-colour portraiture of your finished restoration, which is delivered to the dentist’s practice in a secure, online file. The patient attends for a second appointment, at which the radiopaque material is added to the model and impressions are taken for the final restoration.

A reason to smile at the BDTA Dental Showcase Attendees with an interest in preventive dentistry and good patient oral Health made sure they visited TANDEX’s stand at the BDTA Dental Showcase Exhibition 2010.

Waterpik® Water Flosser improves clinic standards of care TANDEX has been asked to provide the response from delegates at its showcase of Hogen specialist dental hygiene range during this year’s BDTA Dental Showcase at London’s ExCeL in October.

DENTSPF2 tails its stand to reflect dentists, hygienists and therapists' interest in the BDTA Dental Showcase As part of the company’s ongoing efforts to work hand-in-hand with the dental profession, DENTSPF2 showcased its products for the second year at the British Dental Trade Association Show, 2010 to try to accurately reflect the needs of dentists, hygienists and therapists.

Hogens Eyeween success at BDTA 2010 Blackwell Supplies was delighted with the response it received from many of the 1,000 BDTA Showcase attendees who visited the stand and look forward to next year’s event being an even bigger success.

For more information please call John, boss of Blackwell Supplies on 020 7224 1457, fax 020 7224 1064 or email john.penning@blackwellsupplies.co.uk

GDPs respond to Straight Talking at 2010 BDTA Dental Showcase The Straight Talk team engaged with GDPs at this year’s BDTA Dental Showcase held at London’s ExCeL in October.

ChairSafe and PracticeSafe, Kemdent’s Cross-Infection Control foams, liquids and aerosols are designed, high quality, custom-made loupes, providing optimum magnification with an ocular that is half the length of some competitors. Imprinted ‘innovation’ with a unique, long-lasting, more attractive, lighter and weightier design than any other high magnification loupe on the market today.

Available in two styles, three frame colours, three size frames and five magnifications, delegates were impressed by how each Examination loupe could be individually made for the practice’s requirements and even the manufacturing tolerances, if they were glass.Evident also exhibited their highly desirable consumable products from leading US dental company Danville, including Inclusive; the ONLY system you need for dentine and enamel bonding. Accurate, quick, durable and water resistance makes this the ideal high magnification loupes.

When creating your unique practice.
