NSK Unveil New LED Line Up

NSK are delighted to launch an extension to their LED range that now encompasses options across a full range of operating conditions. Many practitioners are already experiencing the powerful benefits of LED using NSK LED couplings in NK, KaVo® and Sirona®. The NSK Tri-Max X Series turbines and S-Max turbines with integral LED are available from NSK today. The new LED Tri-Max X Series gives NSK’s premium Tri-Max X Series turbines are available in 3 sizes and features a ‘real feel’ through multi-haptic sensations on the market.

The 5th generation has the same ceramic bearings, ceramic head system and cellular glass optics as the Tri-Max, but in a stainless steel body that is comfortable to hold and use. NSK Nano and R Plus full endo features are NSK’s next generation of nanomotors. Thanks to its revolutionary design, the Nano is smaller and lighter than its predecessor making it feel as well balanced in the hand as a turbine.

Turbines and Contra angles from the Ti-Max X Series are now available to rent from NSK for only £24.32 + vat per month. Call Jane White on 0800 6341909 or view our www.nsk-uk.com.

Quality Endodontic Distributors Ltd

New 4th Edition QED Catalogue

Quality Endodontic Distributors Ltd have recently launched the 4th Edition of their Endodontic Operative Catalogue with a new distinctive cover. It contains many new product lines. It is illustrated throughout, with a clear and easy to read layout detailing the complete range of Endodontic armamentaria. With every item clearly shown including line drawing and pricing, together with separate pages covering the most popular items on the market.

The Ninth Edition includes all QED’s current range of products from Cerkamed. The Cerkamed range helps to complete arguably the most comprehensive endodontic catalogue available.

The Ninth Edition also includes Protocols from such leading Endodontists as Anthony Posnick, Pierre Machon, John Whitham, Jay Elledge and Nick Adam. 

To obtain your copy free Quality Endodontic Distributors Ltd on 01733 454196, email sales@qedendos.co.uk, fax 01733 361243, or visit www.qedendos.co.uk or contact your local QED Salesperson.

Topdental Launches Biggest Christmas Offer Sheet Ever!

Trust... the Dental Directory

The Dental Directory has again randomly compared 199 of its branded products with real dealer Henry Schein Minerva; the results revealed a saving of a staggering 28.8% more than their usual list price.

The price comparison compared 199 identical products from The Dental Directory product catalogue and Henry Schein Mineral Dental Product Guide 2010/11.

Henry Schein’s high pricing strategy in the UK helped the American-owned parent company Henry Schein Inc report worldwide sales of $6.5 billion* and operating income of $44.6 million* in 2009. These figures generated a healthy 5.20% dividend paid per share to its corporate and stock market shareholders. The Dental Directory continues to be the only dental supplier that does not have private stock market shareholders who require a massive return on their investment. This means that The Dental Directory can continuously slash prices, reduce margins and pass these savings on, ensuring UK dental professionals receive the very best prices in the market.

To start working with The Dental Directory call 0800 585 586 or speak to your local Dental Directory Business Consultant.

*Figures taken from financial reports on the Henry Schein Inc website – 18th October 2010
