Ignite Your Passion with Sirona

www.3mespe.co.uk/
Kemdent products provide Effective protection against 
Kemdent Practiceline Snap and sprays and Kemdent Chairside foam and aerosol correctly, guarantee a safe inactivation of influenza A (H1N1) viruses (pathogenic respiratory syncytium-flu). These products should be used for daily decontamination of surfaces close to the patient frequented by touched surfaces (e.g., dental chair, door handles, work surface).
The disinfection of hands and surfaces and also contaminated instruments play a major role in preventing the human-to-human transmission of the currently circulating respiratory syncytium-flu which belongs to the group of influenza A viruses, type H1N1.

All equipment/medical devices in direct contact to the patient have to be disinfected and sterilized after use and before use on another patient. Kemdent InstrumenSafe is suitable for the safe inactivation of influenza A viruses at the respective concentration rates and exposure times of the product.

Using Kemdent Cross-infection control products will help a Practice maintain their high standards of patient care.

Quality not Compromise
True Dental Furnishings

Genus is renowned for offering extensive design and construction expertise to the dental market, whether for refurbishing or fitting out a practice. The team at Genus make it their business to know their clients in order to design projects that are highly effective, fully compliant and closely in line with the dentist’s vision for the future.

Genus overcomes the construction phase to maintain close control over the progress of the project and to schedule work effectively. Genus employs its own project managers, trades people and labour teams and, apart from specific services, does not use sub-contractors.

Genus is not tied to any particular manufacturer, which means they can choose the best solution for each project. When Genus specifies furniture and equipment for a project, this is based on the client’s requirements and the overall design.

Genus delivers effective practice designs and high interior qualities that are completed on time and to budget.

For more information please call Genus on 01582 404464 or email info@genusgroup.co.uk www.genusinteriors.co.uk

Biterite Dental Laboratory

The British Academy of Cosmetic Dentistry presents the latest in its series of Study Club Lectures, to be held at the British Dental Association, London on Tuesday 26th January 2009.

Entitled Impression Free Dentistry: Are We There Yet? Dr Ian Press will explore how digital impressions can have a significant impact on the way dentists practice.

The focus is the new 3M Lava Chairside Oral Scanner and the lecture will cover:
• An overview of the technology involved
• Clinical tips for capturing data
• Interpretation of data and communication between dentist and lab
• Clinical cases and photos for onlay, veneers and all ceramic crowns

The lecture will also feature a practical element, allowing attendees to use the equipment.

Dr San Prasad is a member of the BACD, BADI and ADI of the Post the Rose Lane Dental Practice since 2002, Ian won the 2009 Restorative Smile of the Year Award at the prestigious Smiles Awards. Places are limited for this event and so booking early is recommended.

For more information or a booking form please contact Steve Rowlands on 0208 241 9528 or email info@biterite.co.uk.

For all your various needs... The NEW NSK

The Implant Education Centre, based in Leicester, in conjunction with Nobel Biocare, is delighted to welcome delegates to the First Annual NSK/Dental Implant training programmes.

The British Orthodontic Society has announced that the first ever National Orthodontic Week will be launched on 22 March 2010. The aim of the week is to create a cohesive vehicle for all providers of orthodontic treatment to come together and communicate a strong and well-informed message about orthodontics to the public and to the wider dental profession.

Do it NOW

The BDS is making the announcement NOW to give the profession plenty of time to get up to the event and make preparations for local and practice initiatives which can be seen as a ‘mission impossible’.
