Cavitella Dentists—Built for the Job Ahead Science A World Class Dental Practice Cavitella, which celebrates its 100th anniversary this year, will be one of the exhibition highlights at the BDSA. The practice is renowned for its high level of care, attention to detail, and commitment to excellence in all aspects of dentistry. Cavitella is located in the heart of London and is one of the leading practices in the city. The practice offers a wide range of services, including general dentistry, restorative dentistry, and cosmetic dentistry.

Reaching for the Sky: A Dental professional took the time to meet the Dental Sky team at Showcase this year. A much welcomed chance to sit down and have a cup of coffee with like-minded professionals.

Following on from their success at last year’s Showcase, Dental Sky again had a huge presence with customers old and new taking the time to chat to the 10 members of the Dental Sky team. They picked up the new 500 page catalogue and entered the Prize Draw to win a Samsung 50” Flat Screen HD TV.

Mr Munroe Sutton, a private dental professional took the time to meet the Dental Sky team at Showcase this year. A much welcomed chance to sit down and have a cup of coffee with like-minded professionals.

The team from Mr Munroe Sutton was also pleased to explain the discounted prices offered by Sutton Laboratories, to which members gain exclusive access.

Mr Munroe Sutton also deligated to support the 2009 BDSA Beneficent Fund Christmas Draw. For more information please call 0800 234 5508 or visit www.munroesutton.co.uk/dentist

Senshield, a product that prevents plaque formation by using Bio-mimetic technology that creates a film over tooth surfaces and inhibits plaque formation. The product is easy to use, simple and effective.

Evident...it's All About Quality

At this year’s Dental Showcase Evident sold new products not only to their magnifcent new stand but with their beautifully designed logos and lights.

Evident’s dedicated and experienced team of consultants, including dispensing opticians, was kept busy demonstrating the custom-made items to supply Evidentiators.” Considering their superior design and craftsmanship it’s clear to see why these Evidentiator™Look™gives proved to be so popular.

Evident also demonstrated their highly desirable consumable products, most of which are from leading US dental company Danville. Danville developed their range of ‘Adhesive Dentistry’ products with the help of England’s leading Dr. Raymond Bertolotti. These include Product: The ONLY system you need for dentistry and enamel bonding. The restorative material can be cured with conventional light, polymerisable composite and the Accolade PV公认的 placement system.

All of the products in the range are designed to enhance daily working procedures, helping to offer patients the very best in modern clinical dentistry. If you would like more information about Evident’s range of quality products simply FreeCall 0500 321111, Email enquiries@evident.co.uk or visit www.evident.co.uk

The Prize Draw took place at 2.00 pm on the Saturday afternoon when the winner was drawn from the hundreds of entries both on the website www.dentalsky.com and on the day. A huge number of exhibitors, delegates. Members attending included:

• Lloyds TSB, Stand N03 – Benefits of holding a practice account include Direct access to telephone, 24 hour service and window opening hours.
• Keris, a Fiduciary Business Exchange, 22-24 Southwark St, London SE1 9HS
• Vicarage Farm Road, Parkhead, Edinburgh and Stirling.
• TSB, Stand D100 – Benefits of holding a practice account include Direct access to telephone, 24 hour service and window opening hours.
• Lamp, Stand W50 – Benefits of holding a practice account include Direct access to telephone, 24 hour service and window opening hours.
• The Hogans, Stand D56 – Benefits of holding a practice account include Direct access to telephone, 24 hour service and window opening hours.
• Blackwells, Stand A10 – Benefits of holding a practice account include Direct access to telephone, 24 hour service and window opening hours.
• The Hogans, Stand D56 – Benefits of holding a practice account include Direct access to telephone, 24 hour service and window opening hours.
• Blackwells, Stand A10 – Benefits of holding a practice account include Direct access to telephone, 24 hour service and window opening hours.

Since the original was released Hogies Eyewear has gone on to develop a solid foundation for providing eyewear that is comfortable, stylish, and affordable. The Hogans were happy to chat with delegates about their combined experience of over 50 years, which now includes advising the private and public sector on eyewear.
Tavom have continued to demonstrate why their reputation is as a leading supplier of dental cabinetry is well deserved. 

At the recent BDTA Dental Showcase, held between the 12th and 14th of November at the Birmingham NEC, Tavom had an impressive display featuring some of their most popular designs.

The sleek lines and user-friendly designs on display impressed delegates visiting the stand; especially the new Maxline practice.

With infection control a renewed priority, dental practitioners were interested to see how Tavom’s specially designed CAD software was able to demonstrate the full range of options available from the Katuy LAXI room design, designs that would clearly complement any practice.

With their reputation for an unpreconceived approach to achieving perfection, the Tavom team were kept busy with enquiries for their services. 

Built on a reputation garnered from over 30 years of experience, Tavom continue to demonstrate the high levels of customer service and quality products expected by today’s dental profession.

Dental professionals from all areas of clinical practice were interested in finding out more about the wide range of products and services available at the BDTSI Oral Health Conference and Exhibition, held in Bournemouth on the 16th and 17th of October, to launch an exciting new product.

Suffering from xerostomia can be a significant deterrent from patients’ quality of life, with the lack of saliva often causing serious oral health conditions.

Available from Curaprox, Xerostom is a new oral hygiene product line especially formulated to help saliva being retained. This combination of ingredients maintains the oral cavity, soothing the tissues while cleaning and protecting the mouth from harmful bacteria.

Used for just seven days, Xerostom will significantly increase unstimulated saliva flow rates, leading to better oral health. As a result, patients can enjoy an improved quality of life, with less chance of suffering from periodontitis.

The Xerostom range comes in a variety of applications to suit all requirements, is suitable for diabetes and is now available from Curaprox UK.

For more information please call 01480 828834, email enquiries@curaprox.co.uk or visit www.curaprox.co.uk
