The Complete Smile Academy is at the forefront of implant and restorative dental education with intensive training programmes for dental professionals throughout the UK. The Academy is conveniently located in Spalding, Lincolnshire. The team, led by Alan Brayman, comprises technically skilled dentists who receive regular updates on new developments in restorative dentistry and have access to the latest and most advanced equipment. A unique feature of the Academy is the multimedia-supported facilities, including cameras to show live cases and technical demonstrations in great detail. The Complete Smile Academy aims for every delegate to receive an intensive and rewarding learning opportunity in a technologically advanced, supportive environment.
