IOVLAR VIBRADER TAKES A TEAM APPROACH WITH OLIVER BRIER AND DANIEL EDHOLFF

Joelar Vibradent is taking a ‘Team Approach’ to lecturing by hosting an event on all ceramic restorations, in conjunction with Oliver Brier and Daniel Edholff.

February 2010 sees NV Brie return to discuss aesthetic and functional rehabilitation of complex cases with new all-ceramics at the prestigious Guildhall in Bath. Joined by Daniel Edholff C.D.T. Dr Med Dent, PhD, this offers practitioners a wonderful opportunity to see both the clinician and technician-presenting together.

As severe tooth wear and erosion becomes a constantly increasing problem particularly in young patients the ‘Team Approach’ lecture will focus on proven treatment concepts for all ranges of indications.

The introduction of the latest innovative Joelar Vibradent all-ceramic systems fulfills these demands. The entire range of innovations of the new systems available will be presented by numerous step-by-step case reports ranging from single tooth restorations to full mouth rehabilitation.

As this self-unbuffered is very popular, numerous will be limited and tickets will only be issued on a first-come, first-served basis. For further information please call 0116 284 7780 to guarantee your place at this prestigious event.

Oral cancer - Routine tests save lives

New ViziLite® Plus helps the dental practitioner see what eyes alone may not. Available in simple-to-use, disposable kits, the system utilizes chemiluminescence technology to help identify early epithelial changes that could be precancerous or cause oral acneiform, the patient can be referred immediately and confidently for further treatment. Using a unique "bluel" marker system, precision is guaranteed in marking and documenting lesions. ViziLite® Plus has quickly become a critical element of the dental surgeon's preventative practice, contributing to the accepted fact that better lesion detection, earlier treatment, and more efficient diagnosis could be precancerous. By identifying oral abnormalities, the patient can be referred immediately and confidently for further treatment. Using a unique "bluel" marker system, precision is guaranteed in marking and documenting lesions. ViziLite® Plus could not have hoped for a greater accolade at a better time. So which brush to give?

There are two award-winning brushes which make it possible for patients to enjoy a White Christmas and get up to two shades whiter teeth in just 2 weeks. These are available in the collection in a Cold and Warm white shade with the Weekays' Pure in Clean & White mode, or can they be used for ViziLite® Plus?
