A ONE YEAR MODULAR COURSE IN
RESTRUCTIVE DENTISTRY 2011

Now in its fourth successful year, this course has revolutionized the teaching of restorative dentistry. The combination of an increase in knowledge and practical skills will bring high quality dentistry into your ‘comfort zone’. There is one single feature that all delegates who have completed this one-year course have acquired – confidence!

Set in central Leeds, the course utilizes the high spec phantom head room in The Leeds Dental Institute for all its practical sessions.
