incorporating the best of industrial monomer innovation from Dufpuff, Kalore features an exclusive flowable dentine bonding technology: the means that during and after polymerisation, adhesion between the fillers and the restorative material is maintained with increased resistance strength, the integrity of the restoration especially at the margins is ensured. Kalore offers a revolutionary platform package in aesthetic restoration. Accolade SRO, a super radiopaque, flowable composite, is the unique as both the try-in paste and the flowable composite use the same dentine and enamel bonding, Accolade SRO; a super radiopaque, flowable composite which meets the highest standards of quality, comfort and performance. It is different for every dentist and technicians on the path to excellence. We look forward to meeting you at stand B35, if you are unable to attend, contact us on 01908 218 999.

For more information please contact Carestream UK on 01908 218 999.

Takara Belmont
Takara Belmont will this year be displaying its range of treatment centres, the Class II, Clinis II and Voyager II. All facilitate multiple working methods and dental procedures whilst offering optimum patient comfort at all times, making each a flexible and versatile addition to any surgery.

With ease of access and consultation in mind each Treatment Centre has foldaway or removable armrests whilst the Class II has its unique and valuable folding leg rest. A diverse range of delivery systems are also available, the Clinis II for example can be supplied with traditional Open-Patient Holder or compartmental Rod type, Cabinet or Mobile Cart options. Total flexibility of use is made possible by the Voyager II which has the advantage of being ambidextrous whilst the Clinis II can be factory modified for either left or right handed use. Functionality can be further increased by the addition of factory built-in features such as micro-motors, fibre optics, scalers and LED curing lights. All models are available in both air and electricversions. Each model boasts durability, easy to clean upholstery in a vast array of colours, ensuring good looks and best hygiene standards.

Takara Belmont prides itself on its reputation for reliability providing free extended warranties, offering total peace of mind for the professional. Visit us at stand D12.

Water Pik, Inc. to launch the New Nano™ Water Flosser at 2011 BDA Conference

Delegates attending this year’s BDA Dental Conference & Exhibition should be sure to make their way to the Waterpik® stand (A40) for our offers as part of the launch of the brand new Waterpik® Nano™ Water Flosser.

The latest revolution in ergonomics dental irrigation, the Waterpik® Nano™ Water Flosser is compact, energy efficient and quiet, allowing patients to enjoy all the benefits of interproximal cleaning and effective plaque biofilm removal without the problems associated with traditional streams.

Like its predecessors the Ultra and Cordless Plus Water Flossers, the Nano™ is clinically proven to be twice as effective as traditional string floss at removing plaque biofilm. Normally retailling at £49.99, BDA conference attendees will be able to purchase the Nano™ at a special conference discount. Alternatively, they can pick up their free sample Nano™ by attending the Waterpik® seminar. Details and vouchers will be available from the Waterpik® stand (A40).

Committed to patient oral health, Water Pik, Inc. is proud to be launching the Nano™ Water Flosser exclusively to BDA delegates.

For more information on the range of Waterpik® Water Flossers speak to your wholesaler or visit www.waterpik.co.uk. Waterpik® products are widely available in Boots stores and selected LloydsPharmacies.

Delegates attending this year’s BDA Dental Conference & Exhibition should be sure to make their way to the Waterpik® stand (A40) for our offers as part of the launch of the brand new Waterpik® Nano™ Water Flosser.

A-dec

A-dec will be exhibiting at the 2011 BDA Conference in Manchester and look forward to the opportunity of showing you to ‘Stand D19’ to experience a selection of equipment packages and cabinetry from the current range, including the new A-dec 200.

Members of the A-dec team will also be on hand to give guidance and advice where required.

As one of the world’s leading dental equipment manufacturers, A-dec designs, builds, and markets much of what you see in the dental treatment room. Our range includes chairs, stools, delivery systems, dental lights, cabinets and infection control units along with a full line of accessory options.

For further information about the A-dec range, contact us today: Tel: 0800 233285 (freephone) or 02476 350901 Email: info@a-dec.co.uk
