Something to Smile about!

SmileGuard is part of the OPRO Group, internationally renowned for revolutionising the world of custom-fitting mouthguards. Our task is to support the dental professional with the very latest and best oral protection and thermoformed products available today.

Custom-fitting Mouthguards* — the best protection for teeth against sporting pro-facial injuries and concussion.

OPOShield — a self-fit guard enabling patients to play sport whilst awaiting their custom-fit guard.

NightGuards — the most comfortable and effective way to protect teeth from bruxism.

Bleaching Trays — the simplest and best method for whitening teeth.

Snoreguards — snuggly fitting appliances to reduce or eradicate snoring.

OPOCorfresh — mouthguard and tray cleaning tablets.

In 2007, OPRO was granted the UK’s most prestigious business award, the Queen’s Award in recognition of outstanding innovation.

Your patient’s pockets and yours!!!!
All aspects of dentistry
Intensive personal satisfaction and purpose for the practitioner

• Set up your practice to provide exceptional customer care (internal marketing included) • Allow the patient to experience the complete examination technique • Analyse the data to diagnose the right ethical attitude for individualising treatment • Codiscover all the above to facilitate and individualise choices

• Regimented treatment modalities which will flow from the above for the hygienist and dentist to include • A structured hygiene programme for caries prevention • A regime for the reversal of demineralisation • Minimal invasive techniques for the impregnation of early enamel lesions • The minimally invasive invisible interstitial composite • Explore where Cerec technology fits into the MI camp • Full mouth restorative care using minimal invasive restorative techniques

Dr Harris Sidelsky
Harris is a registered specialist in prosthodontics. For many years he has been a sought after speaker on the lecture circuit. Until more recently he was the primary post graduate speaker at a leading London teaching hospital in crown and bridgework minimal invasion dentistry, cosmetic dentistry and adhesive dentistry. He has authored over 40 articles and has successful practices in the West End and North West of London. His current main interest is minimal invasive dentistry and he is looking to a future where he can balance the two and communicate with the general practitioner
