Using InstrumentSafe to demonstrate a commitment to providing quality dental care

The Kemdent range of PracticeSafe, ChairSafe and InstrumentSafe disinfectants comply with PracticeSafe, ChairSafe and InstrumentSafe disinfectants with the invaluable, honest and impartial advice that has earned the company a great deal of attention, with its patented Network, UK NANO 1000. iOS with the added benefit of being twice as effective as traditional string floss at improving periodontal health. Designed specifically for the UK market, the Nano™ Water Flosser is smaller and more compact than previous models and is the first Water Flosser to be designed to be used by dentists and dental professionals including Ledermix, Dentomycin and Nusonics NAC. Blackwell Supplies is the trusted provider of quality specialist products for dental professionals, including Ledermix, Dentomycin and NuSonics NAC. For more information please contact John Jesoph on Blackwell Supplies 5027 3144 1598 or email johnjesoph@blackwell-supplies.co.uk

**As of Nov 2009**

PHILIPS’ NEWEST SONICARE IS A GEM

The new Sonicare Diamond Clean toothbrush has the latest addition to the product range at the recent Global Symposium. The new A-dec 200 is a complete system packed with features for added accessibility and support centre with cuspidor, every detail on the new A-dec 200 is new and improved, meeting the most complex of clinical cases. NSK’s Micromotor is the only control pad on the market capable of controlling both a micromotor and a scaler. Simply choose NLX nano or NLX Plus with and for complete versatility, add the Venetian Macao Resort Hotel. For more information visit www.biohorizons.com or contact the UK office on 01344 752560 or info@smile-on.com
