Dental Sky will impress you!
Dental Sky supply an impressive range of leading brand impression materials.
R&B Turbulent from Dental Sky is the perfect addition our speciality line that provides exceptional detail reproduction. This compact handmixer allows you to use your existing technique and the wash technique or double-mixing.

The light bodied materials within the range are easily injected and do not slump even when placed in the upper arches. Having extremely high levels of hydrophilic properties Turbulent impressions will always provide precise impressions even when in contact with gingival fluid and blood.

With a very good dimensional stability and high elastic memory removal of the set impression is made simple. The material is so stable that you can make several models from a single impression without any risk of deformation.

R&B Turbulent is available in a two bag two use one free offer this month so why not take advantage of the offer and give it a try. Call Dental Sky on 0800 294 4700.
To achieve the best results in dentistry, absolute clarity and precision are the key. Carl Zeiss dental loupes are precision engineered for optimal clarity and depth of field. Dr Fiona Knight of Serenity Dental, Farnham was particularly impressed with the Carl Zeiss Optical System: “I’ve been using dental loupes for some years now, but the moment I tried the Carl Zeiss loupes I was instantly struck by just how much clearer and crisper vision they provide compared to my previous loupes. I would recommend them to anyone.”

The sales team from Nuview have also been very impressed by the loupes. "The sales team from Nuview have been very impressed by the loupes. They really have been testing them out and are very happy with the results. They say that the loupes are very comfortable to wear and that they provide a clear and sharp image. The sales team have also been very impressed by the customer service provided by Nuview. They say that the sales team are very helpful and that they always answer any questions that they have quickly and efficiently. The Nuview loupes are also very affordable, which is an added bonus. The sales team would definitely recommend the Nuview loupes to anyone who is looking for a high-quality, comfortable and affordable pair of dental loupes."
