On the road to better aesthetics with Kerr

Kerr, the leader in manufacturer of products such as OpalBond, NX, 4Hilights and Sirona, is delighted to be on the road with its first ever aesthetics roadshow. Starting on 11th November in Cardiff with internationally renowned speaker Chris Om, the roadshow allows participants to hear, see and perform various aesthetic techniques to achieve the best results. Topics to be covered include: impressions, bonding, composites and shade selection.

Chris is one of the UK’s most prominent cosmetic dentists, practising cosmetic and restorative dentistry at multispecialty clinic, London. Chris is a prominent aesthetic dentistry and currently he is an Accredited Member of the British Academy of Cosmetic Dentistry & Membership of the European Society of Cosmetic Dentistry, and the Chairman of the judging panel for the Aesthetic Dentistry Awards, the UK dental industry’s aesthetic awards programme. Over the coming months, Chris will be appearing at all leading Spots: David Weather, Irfan Ahmad, Trevor Burke and Ron Jackson.

Kerr is offering readers a special 20% discount; simply quote ‘GGC’ and pay only £80 instead of £199! What’s more, Irfan Ahmad, Trevor Burke and Ron Jackson. GCF Tüp Temp LT the first past-to-paste glass– ionomer finishing cement

GCF Tüp Temp LT is especially designed for long-term temporary applications. Thanks to biofunctional formulation, it is very convenient during application and provides a stable retention.

- Pleasant handling - no-runny consistency with low film thickness
- Easy to remove excess
- Reliable retention
- Long-term security - no negative influence on final adhesive fixation
- Secure retentivity - safe removal of the restoration whenever needed
- Easy clean-up

These advantages combined with the safety offered by glass ionomers make it the ideal choice for long-term temporary cementation of all types of all-ceramic, resin, veneer and metal based crowns and bridges, including try-on cementation of long-span prostheses.

Endodontic referrals – believe in something

At EndoCare, we believe in something. Our team of Specialist Endodontists are highly skilled and passionate about providing excellent standards of treatment to all of our patients. Because we focus exclusively on Endodontics, all our practices are equipped to the highest standards to treat even the most complex of cases.

By its very nature, Endodontic treatment can be a stressful, yet slow and laborious procedure. This is a time for you to step back, relax and control your daily schedule due to the often-urgent nature of the work. By referring to EndoCare you can ensure that your time-management is optimised, while being fully assured that your patient will receive immediate care and can expect the very best results. We value our referring practices extremely highly, and always ensure you are kept up to date through every stage of the treatment process.

We will also recommend any necessary follow-up treatments and will happily discuss all options with Endodontists and patient care.

Refer your patients to EndoCare today to find out for yourself why we are one of the most trusted names in Endodontics.

For further information please call EndoCare on 020 7224 0599 or visit www.endocard.co.uk
