Looking for a new challenge? At Centre for Dentistry we believe we see the most exciting opportunity for a dentist available today.

Working in partnership with Saunders & Wright we’ve launched a completely new business model which you can own your very own practice in the heart of a busy Saunders & Wright superstore. With hundreds of thousands of potential patients passing your practice on a daily basis you will be in the best possible place to attract new patients and grow your dental practice within our community.

Here at Centre for Dentistry we will work closely with you, managing the brand and providing operational infrastructure and support, so you can focus on what you do best. You may already have your own practice, or you may wish to open a practice of your own for the first time. We will judge your ownership background – what we are looking for is a group of partners who share our vision for providing first class dentistry that is warm, friendly and compassionate.

To learn more about our vision, contact Centre for Dentistry today.

Dr Paulo Malo to Speak at The Dentistry Show 2013

Dr Paulo Malo to be keynote speaker at The Dentistry Show 2013 promises to be a high point of the year, with over 300 exhibitors and more than 350 top speakers presenting lectures, hands-on workshops and live demonstrations with up to 90 hours of free CPD available.

Dr Paulo Malo will be giving a lecture about the All-on-4™ technique as part of the ‘Aesthetic Dentist’ conference in 2013. “The technique isn’t subject to the same limitations as bone grafting for traditional implants, and the All-on-4™ is consequently more cost-effective, and also requires less bone grafting. It is also a shorter treatment period and also causes far less pain for the patient,” says Dr Malo. “My lecture at The Dentistry Show will cover these issues, as well as showing delegates how far they can push the boundaries of the technique. ‘I think the combination of conference and exhibition is a great way to get hands-on experience and is also very useful for dental delegates, as it provides the opportunity to compare products and brands and really get to know the equipment in the modern dental industry. The next show will be held on 1st and 2nd March 2013 at NEC Birmingham. For more information, visit www.thedentistryshow.co.uk, call 020 7348 5269 or email dentistry@closerstillmedia.com.
New Dental Product wins Highly recommended award in 2 Categories.

After being shortlisted at the UK's most prestigious Packaging Awards, the WhiteWash Laboratories innovative product, WhiteWash Professional Teeth Whitening Strips has now won the coveted Highly Commended award in 2 categories, Best New Concept and also Innovation of the Year. Judge’s comments in the winners brochure included “ingenious” and “brilliant”. The product, a highly effective, alcohol-free disinfectant, which doesn’t harbour the micro-organism you want to use on all surfaces even acrylics and metals. Virofex is available in the UK from The Dental Directory, www.carestreamdental.co.uk

Get ahead with a project manager says Roger Gullidge

Dentists who are building their own new practice should always use an independent project manager says Roger Gullidge of Roger Gullidge Design. “It is possible to project manage a construction project yourself but I would not do it personally. I have been involved in the development of many projects and to do it yourself would be a significant distraction.”

Roger Gullidge Design is a specialist design and project management consultancy specialising in the dental sector. Call 0121 794 4442 for more details or visit www.rogergullidge.com

Virofex – Perfection in Global Disinfection

Virofex is the comprehensive and versatile disinfectant which doesn’t harbour the micro-organism you want to use on all surfaces even acrylics and metals. Virofex is available in the UK from The Dental Directory, www.carestreamdental.co.uk

Victoria Hockley of Victoria Hockley Design says, “Roger is a consummate professional, his design is more than just aesthetics, it is also an investment to the practice - if you want a high quality practice environment, go with Roger.”

Discovery of the Year. Judge’s comments in the winners brochure included “ingenious” and “brilliant”. The product, a highly effective, alcohol-free disinfectant, which doesn’t harbour the micro-organism

Virofex cleans and disinfects to the highest levels. It’s safe and effective on a wide range of surgery surfaces, from glass and metal, to plastics including perspex, chair upholstery, all hard wares, and auxiliary items including drills, SiroLase, SiroBend and DAC sterilisation units.

Virofex comes in small cartridges which ensures:

• No staff contact with chemicals
• No spills and no waste
• The correct amount will always be used
• It is easy and quick for the whole team to use

The Virofex cartridge is simply inserted into the neck of a Virofex bottle, which is filled with 500ml of tap water. The bottle then needs a gentle shake to activate the disinfectant, which then stays active for up to 12 months. Available from The Dental Directory, Virofex is a powerful and thorough disinfectant effective against MRSA, HIV, influenza A, Salmorilla Typhi and Coxiella. Virofex is a amongst many other viruses, bacteria and spores that your practice may bear.

Invest in Your Career

With the UCL Eastman Dental Institute

For highly supported and flexible learning to enhance your career without impacting on your practice, come to the world’s leading academic centre for dentistry: the UCL Eastman Dental Institute.

With programmes for the whole dental team, delegates can choose from a diverse range of studies:

• University Certificate and Diploma level programmes
• Short courses and Continuing Professional Development
• Master, Doctorate and Specialist training

Recognising the hectic schedules of modern dental professionals, UCL Eastman has developed flexible teaching solutions to fit busy lifestyles. Participants can choose from a variety of full-time, part-time or modular training programmes. They also have flexibility in terms of format: live in-situ, distance learning or online education. Offering hands-on clinical and laboratory sessions using cutting-edge facilities, in addition to experienced tutors and accompanied guest lectures, delegates – and their patients - will experience the benefits in the practice very quickly. Further details of programmes available can be accessed from www.ucl.ac.uk/eastman/pd

For more information call 01244 606 150, email info@whitewashlaboratories.com, or visit www.whitewashlaboratories.com

Sirona Specialties, Sirona Dental Systems offer the choice from the complete range of Sirona Therapies by Carestream Dental in digital X-ray, their extensive range of Sirona handpieces, and auxiliary items including SiroLase, SiroBend and DAC sterilisation units.

Whether you need training, or just a system or product, we are here to help you - no matter what your practice area.

Innovation of the Year. Judge’s comments in the winners brochure included “ingenious” and “brilliant”. The product, a highly effective, alcohol-free disinfectant, which doesn’t harbour the micro-organism you want to use on all surfaces even acrylics and metals. Virofex is available in the UK from The Dental Directory.

9000 3D Extraoral Imaging System from Carestream Dental

It’s crucial to what we do

Carestream Dental’s Digital Imaging System is available for almost three years.

“Carestream Dental for almost three years.

It’s been an amazing addition to our practice kit, says Mr Campbell. “It’s crucial to what we do on a day-to-day basis. It allows us to visualise planning of implant cases in a way that we were never able to see before - and to have it at our fingertips in the practice, rather than the office - it is fantastic for us. It has been a tremendous help, especially for those cases that have been very difficult.”

“Carestream Dental’s Digital Imaging System is available for high quality diagnostic imaging with digital panoramic imaging and offers the highest resolution and lowest radiation in its class.

For more information, contact Carestream Dental on 0800 169 9692 or visit www.carestreamdental.co.uk

Carriem Dental and R4 Practice Management Software

It’s efficient to what we do

Jacqun Dougan of Jacqun Dougan is the Practice Manager of Eight Cities Dental in Glasgow and has used the R4 Practice Management Software from Carestream Dental for almost three years.

“I make good use of R4, particularly for patient appointments and record keeping, Jacqun says, ‘it’s an efficient system for daily use’

The Dental Directory is the UK’s only Specialist Supplier of Sirona/Turano equipment

Virofex is mounted onto a wall or cupboard with supplied adhesive tabs so eliminates the need for large 5-litre containers in the surgery or store room. The dispenser is also coated with a silver ion material to remove bacteria such as MRSA from other hands or gloves. The mixed solution can be used in conjunction with micro-fine lint free cleaning cloths or draped onto the medical device, it can be used on all surfaces even acrylics and metals. Virofex is available in the UK from The Dental Directory.

See www.adaptingyoursurfaces.co.uk for more information on the awards and www.virofex.com for more information on the product
