Scenes from the AAID

Seminar attendees gather to check out the 3-D printer before Dr. Jaime Lozada’s session on ‘3-D Printing Technology in Implant Dentistry’ at the AAID Annual Educational Conference. Photos/Sierra Rendon, Managing Editor

Matius Viale Ochoa at the Microdent booth.

Kevin Kim, president of DoWell Dental Products, helps an attendee at the company’s booth at the AAID.

Dr. Eric Schiffman models on Dr. Johnson how to use the Restful Jaw, an easy-to-use, clinically proven device that supports the jaw during treatment. The product, which Schiffman designed and created, was exhibited during the AAID conference.

The Glidewell team — Jimmy, Monica, Suzanne and Dr. Paresh Patel — helped attendees learn about Hahn implants during the AAID conference.

Corrections
Implant Tribune strives to maintain the utmost accuracy in its news and clinical reports. If you find a factual error or content that requires clarification, please report the details to Managing Editor Sierra Rendon at s.rendon@dental-tribune.com.

Tell us what you think!
Do you have general comments or critique you would like to share? Is there a particular topic you would like to see featured in Implant Tribune? Let us know by e-mailing feedback@dental-tribune.com. We look forward to hearing from you!
