International events

2010

40th International Congress of DGZI
Where: Berlin, Germany
Date: 01–02 October 2010
Website: www.dgzi.de

19th Annual Scientific Meeting of EAO
Where: Glasgow, Scotland
Date: 06–09 October 2010
Website: www.eao.org

AAID 59th Annual Meeting
Where: Boston, MA, USA
Date: 20–23 October 2010
Website: www.aaid.com

ITI Education Week
Where: Toronto, Canada
Date: 27–30 October
Website: www.iti.org/educationweek

96th Annual Meeting of AAP
Where: Honolulu, USA
Date: 30 October–2 November 2010
Website: www.perio.org

17th AIDC 2010
Where: Alexandria, Egypt
Date: 2–5 November 2010
Website: www.aidc-egypt.org

2nd Future Trends in Implantology
Where: Florence, Italy
Date: 11–13 November 2010
Website: www.fitidental.com

Annual Meeting of SGI
Where: Zurich, Switzerland
Date: 12–13 November 2010
Website: www.sgi-ssio.ch

ITI Education Week
Where: London, UK
Date: 22–27 November 2010
Website: www.iti.org/educationweek

Greater New York Dental Meeting
Where: New York, NY, USA
Date: 26 November–01 December 2010
Website: www.gnydm.org

2011

34th International Dental Show
Where: Cologne, Germany
Date: 22–26 March 2011
E-Mail: ids@koelnmesse.de
Website: www.ids-cologne.de

International Osteology Symposium
Where: Cannes, France
Date: 14–17 April 2011
Website: www.osteology-cannes.org
The conference will feature the most up-to-date information on the diagnosis and treatments available from international experts including:

**Renowned Dental Personality**
Prof Nasser Barghi, Professor and Head of Division – Esthetic Dentistry, University of Texas, San Antonio, USA

**Award Winner: Excellence in Dental Education**
Prof Patricia Reynolds, Director of Flexible Learning – Dental Institute, King's College, UK

**Diplomate of the American Board of Oral Medicine**
Prof Juan Yepes, Associate Professor and Director of Radiology, University of Kentucky, USA

From 10th to 12th of June 2010, the HSK (Croatian Dental Chamber) in cooperation with Oral Dent company, supported by international associations like DGZI (Deutsche Gesellschaft für Zahnärztliche Implantologie e.V.), organized an extraordinary assembly of dental experts from all over the world on the island of Hvar, Croatia.

More than 40 lecturers from Europe, the United States of America and Middle East gave lectures on the island of Hvar. Well organized programs for dentists, dental technicians, many workshops, a Laser Symposium and a big international exhibition along with the educational program were provided. The whole event took place in the Grand Hotel Amfora, in the town of Hvar. It is important to mention that the Croatian Dental Chamber rated this congress with maximal 12 points. So the ranking of this congress was amongst the best events in Croatia in 2010. The organizers agreed that this dental highlight will be repeated in 2011. The date for the 2nd Hvar International Dental Congress will be published soon.

More information you will find on the website: www.hvarkongres.hr
For the third year in a row, the DTSC hosts its annual CE Symposia at the GNYDM, offering four days of focused lectures in various areas of dentistry. Find us on the Exhibition Floor in Aisle 6000, Room #3.

Each day will feature a variety of presentations on topics, which will be led by experts in that field. Participants will earn ADA CERP CE credits for each lecture they attend. DTSC is the official online education partner of GNYDM.

PLEASE SEE PROGRAM DETAILS UNDER WWW.DTSTUDYCLUB.COM/GNYDM

SUNDAY, NOVEMBER 28
10:00 - 11:00 Howard Glazer, DDS, FAGD
BEAUTIFUL: GO WITH THE FLOW - COURSE: 3020
11:20 - 12:20 John Huckle, DDS
LIGHT CURED ADEHESIVE DENTISTRY - SCIENCE AND SUBSTANCE - COURSE: 3030
12:00 - 2:00 Martin Goldstein, DDS
A SIMPLIFIED APPROACH TO MULTI-LAYER DIRECT COMPOSITE BONDING - COURSE: 3040
2:40 - 3:40 Jay Reznick, DDS, MD
3D IMAGING AND CT-GUIDED DENTAL IMPLANT SURGERY - COURSE: 3050
4:00 - 5:00 Lodhi Mehrotra, DDS, MA, CDC
TOTAL FACIAL ESTHETICS FOR EVERY DENTAL PRACTICE - COURSE: 3060

MONDAY, NOVEMBER 29
10:00 - 11:00 Mr. Neel Bhandari
ECO-FRIENDLY INFECTION CONTROL - UNDERSTANDING THE BALANCE - COURSE: 4120
11:20 - 12:20 Greggor Katzman, DDS
INCORPORATING NEW ADVANCES IN DENTAL MATERIALS AND TECHNIQUES INTO YOUR RESTORATIVE PRACTICE - COURSE: 4130
12:00 - 2:00 Various Speakers
OPTIMIZING YOUR PRACTICE WITH 3D CONE-BEAM TECHNOLOGY - COURSE: 4140
2:40 - 3:40 Daniel McCowan, DDS
HIGH RESOLUTION CONE BEAM WITH PREXION 3D - COURSE: 4150
4:00 - 5:00 Maria Ryan, DDS, PhD
DETECTING CORONARY HEART DISEASE THROUGH PERIODONTITIS AND PERIPLANTITIS - COURSE: 4160

TUESDAY, NOVEMBER 30
10:00 - 11:00 Fatima Paraguay, DDS, PhD
DENTIN HYPERSENSITIVITY - NEW MANAGEMENT APPROACHES - COURSE: 5110
11:20 - 12:20 Greg Diamond, DDS
LASERS IN PERIODONTAL THERAPY - COURSE: 5120
12:00 - 2:00 Dev Ahluwalia, DDS
INTRODUCTION TO CONE BEAM CT (CBCT), ESPECIALLY AS IT PERTAINS TO PREVENTION OF FAILURES IN ORAL IMPLANTOLOGY - COURSE: 5130
2:30 - 3:30 Maria Ryan, DDS, PhD
DETECTING CORONARY HEART THROUGH PERIODONTITIS AND PERIPLANTITIS - COURSE: 5140
4:00 - 5:00 Dwayne Karasteel, DDS
CONTEMPORARY CONCEPTS IN TOOTH RELACEMENT: PARADIGM SHIFT - COURSE: 5150

WEDNESDAY, DECEMBER 1
10:00 - 11:00 Mr. Al Dube
BEST MANAGEMENT PRACTICES: WASTE MANAGEMENT FOR THE DENTAL OFFICE, AND OSHA COMPLIANCE - COURSE: 6040
11:20 - 12:20 Glenn van Au, DDS
HARD AND SOFT TISSUE LASERS - COURSE: 6070
12:45 - 1:45 Dr. David Hoester, Jeffrey Hopp, Dwayne Karasteel, Enrique Martino, Koenootj Serota, Marcus Zeigmann
REVOLUTIONARY IMPLANT DESIGN UNVEILED: A COLLECTION FROM THE MASTERS - COURSE: 6080
The European Association for Osseointegration (EAO) will award its first Certificates in Implant-based Therapy at the EAO annual Congress which will be held this year in Glasgow from 6–9 October. As the only Europe-wide standardised assessment of implant-based therapy, the certificate will provide a benchmark for assessing knowledge and skills. The first candidates to participate in the new certification scheme will undergo their final examinations in Glasgow just prior to the awards ceremony. They will be questioned about six case studies they have submitted and will be required to demonstrate knowledge of theoretical and clinical implant based therapy. This includes basic knowledge of anatomy, pathology, biomechanics, physiology, histology, applied dental materials, applied pharmacology, radiology and biostatistics.

Candidates who successfully complete the certification programme will be able to demonstrate to both patients and regulatory authorities that they are competent to perform straightforward implant treatments. The certification process is both rigorous and time-consuming so the EAO will only initially be able to certify a limited number of candidates each year. However, it is expected this will increase as more resources are made available.

Details of the 2011 certification programme will appear later this year on the EAO website: www.eao.org

The 2010 EAO Congress takes place at the Scottish Exhibition and Conference Centre (SECC) which is Scotland’s premier national conference and concert venue. More than 3,000 dentists, academics and specialists from around the world are expected to attend to discuss some of the most important issues and dilemmas they face in daily practice. A world-class faculty of more than 40 speakers and chairpersons will be participating. There will also be a wide range of other attractions including multiple parallel sessions, master classes, short oral communications, a poster presentation, EAO Research Prize Competitions in Clinical and Basic Research, and a series of pre-congress ‘step-by-step’ courses. A large trade exhibition runs throughout the conference and there will be further industry satellite symposia presented by the main sponsors.

“We have nearly 500 abstracts submitted for the Clinical and Research competitions making this one of the leading forums for implant dentistry in the world,” said EAO Scientific Chairman, and EAO President Elect Dr Paul Stone. There will be simultaneous translation to French, German, Italian and Spanish.

Advance bookings for the trade exhibition already indicate that it is likely to be one of the biggest ever organised by the EAO.

In Cannes, the city of the rich and beautiful people, aesthetics has always played a major role, especially at the international film festival. In April 2011, the next international Osteology Symposium will illuminate aesthetics from a different side and put the spotlight on regenerative therapies with their current possibilities and limits.

In recent years, regenerative therapies in implantology and periodontology have changed markedly, from pure hard tissue augmentation to comprehensive management and augmentation of bone and soft tissue. Both tissues are essential for a stable, functional and aesthetic outcome. The scientific programme of Osteology in Cannes reflects this fact: besides recent results on bone regeneration and the handling of complications, an important focus will be on new treatments and products for soft tissue augmentation.

From 14–16 April 2011, experienced researchers and well-known practitioners will discuss the latest research results and current treatment concepts. The preliminary congress on Thursday will be entirely practice-oriented: in workshops the participants will be able to discuss treatment methods and train in them practically. The main scientific programme on Friday and Saturday will show which therapies are today’s state of the art and underpinned by clinical evidence, how risk factors are assessed and how complications are treated. Talks and presentations on new studies and with specific treatment tips, and also the clinical forum with a podium discussion of clinical cases, will provide answers to the questions: what are today’s possibilities and limits for regenerative therapy and in what direction will they develop?

The international Osteology symposia have become established in the last few years as the most im-
important series of congresses on the topic of regeneration. Osteology in Cannes will again combine high-quality science with specific clinic and dental practice demands, on one of Europe’s most beautiful coastlines. And while “more illusion than reality” is presented at the famous Cannes Film Festival, Osteology will show how clinicians can today achieve not only “reality” in regeneration that will also be “long-stay”.

Osteology in Cannes—the topics:
- GBR in implant patients—a critical overview
- Clinical evidence for improvement of the long-term prognosis of teeth through GTR
- Regenerative treatment of peri-implantitis
- Sinus floor augmentation
- Treatment of complex cases
- Soft tissue aesthetics around teeth and implants
- New treatment methods in soft tissue augmentation.
