Welcome to paradise

As I am writing this, I am getting ready to travel to Honolulu for the American Association of Endodontists meeting. Hawaii is a wonderful place to visit, and I am thrilled that AAE is holding its annual session this year in paradise. You might very well have picked up this copy of roots at the event.

In this issue, be sure to read the report on tools for endodontic instrumentation by Dr. Rich Mounce, and the article on the new TrueTooth replicas by Dr. L. Stephen Buchanan.

Every issue of roots also contains a C.E. component. By reading the article on obturation by Dr. John Stropko, then taking a short online quiz about his article at www.DTStudyClub.com, you will gain one ADA CERP-certified C.E. credit. Keep in mind that since roots is a quarterly magazine, you can actually chisel four C.E. credits per year out of your already busy life without the lost revenue and time away from your practice.

To learn more about how you can take advantage of this C.E. opportunity, visit www.DTStudyClub.com. Annual subscribers to the magazine ($50) need only register at the Dental Tribune Study Club website to access these C.E. materials free of charge. Non-subscribers may take the C.E. quiz after registering on the DT Study Club website and paying a nominal fee.

I know that taking time away from your practice to pursue C.E. credits is costly in terms of lost revenue and time, and that is another reason roots is such a valuable publication. I hope you will enjoy this issue of roots and that you will take advantage of the C.E. opportunity.

For those of you who are in Hawaii for the AAE, please say hello to me in person. It is always a pleasure to rub elbows with others in the specialty. Roots Managing Editor Fred Michmershuizen is also here. Watch for his report on the meeting, plus lots more educational articles, in the next issue of roots.

Until then, I wish you all the best.

Sincerely,

Fred Weinstein, DMD, MRCD(C), FICD, FACD
Editor in Chief
