The DTI Podcast

In recent years, podcasts have become increasingly popular, particularly due to the increasing use of mobile devices and among young listeners. In the U.S. alone, an estimated 177 million people are listening to podcasts every month.¹

Podcasts are a subtle but powerful marketing tool throughout various industries. Podcasts will allow you to reach out to new audiences and build direct connections with consumers.

DTI Podcasts will be accessible for millions visitors to www.dental-tribune.com, allowing for the largest global reach on any online platform in the dental business.
